#### ANNUAL REVIEW

The year 1938 instead of showing an improvement in the real estate market as was

The year 1938 instead of showing an improvement in the real estate market as was confidently expected, actually registered a decline. The recession, however, was due to general business conditions, rather than to any local causes. The decline followed ten years of almost constant decline each year in the market value of real estate.

As evidence of the fact that the slowing up of the market was not due to local conditions as much as to causes prevalent throughout the nation, the statistics of the past year may be called upon for proof. The number of building permits issued during the year 1938 showed an increase over the previous year. As each permit obviously necessitated the use of some parcel of land, this would indicate an increased demand for land. The records show that while the increase was not very large, they at least demonstrate that building operations, numerically, held their own. The figures published give the total permits issued in the city proper for 1938, as 1930 as against 1844 for 1937. The dollar value of the new construction, however, showed a falling off. The figures were \$28,806,443 for 1937 and \$21,258,299 for 1938. A few large building projects in 1937 might account for this. The extensive rather than the intensive use of land, is an indication of a more widespread activity in the real estate market. In this connection the transfers of real estate might be cited but as the number of transfers published include many deeds in which the title only was passed without any transferance of the property itself, these records are unreliable. The same is true of the stated consideration shown. The great majority were mere nominal figures without any relation to the actual consideration involved.

figures without any relation to the actual consideration involved.

As in previous years, the greatest activity was shown in the northwestern sections of the city and adjoining suburbs, closely followed by the southwestern part of the city and adjacent towns. The next most active neighborhoods was in the north

#### Annual Review (Continued)

shore suburban towns as well as the western and southwestern outlying villages. Little activity prevailed inside the city limits in the older and built up portions of the city. A general marking down of valuations of the land values throughout the whole urban area of about ten per cent was made from information derived from brokers in every section of the city as well as from sales. This was the general consensus of opinion of those best informed Even the downtown sections of the city did not escape being reduced. Inside the loop values were marked off ten per cent while south of the loop a reduction of even 15 per cent was made. The effect of the new subway were figures of 1938 were too high in the central sections of the city. They were reduced ten per cent in the loop and about fifteen outside of the loop, particularly to the south. The effect on downtown values of the new subway, which was begun in 1938, was the subject of considerable speculation and conjecture. It was thought by some real estate men that the vicinity of the outlying terminals of the elevated roads and surface lines would receive the most benefits. Others took the position that downtown locations near the subway stations (which are to be placed in the middle of the block), would derive the greatest increase in values. Perhaps both may be right. In all probability any increase will be due more to improved business conditions than from any other cause.

The subject of the blighted areas, so called, occupied the time of many well disposed persons. So far. instead of aiding these sections of the city, the effect has been, on account of the publicity given them, to retard their rehabilitation. Insurance men and mortgage brokers, refuse to make loans in these districts. However this may not prove an unmixed evil. If owners cannot borrow they will at least keep out of debt. The problem of unemployment is the key to this situation. Given good jobs at fair remuneration, they will do their own improving. Thousands in these sections of the city are owners who have weathered the depression better than any other class of wage earners.

Those sections of the city and suburbs which were active in 1937, continued their activity the past year. The advance in land values attained in previous years, remained at the new levels but did not advance from there. Speculation in vacant lots was dead. Builders who acquired sites for building purposes, did so at figures which approximated the cost of the improvements made on them, some twenty years old. In the few new subdivisions put on the market, promoters restricted sales to actual home builders. A healthy sign.

Several large apartment houses were started during the year. The Marine Drive apartment building was begun. The Wolcott apartment building was put under roof. The Granville Garden apartment building was completed and rented. The Isabell apartment building in Evanston was completed and the making of leases begun. Three large Federal Housing projects were completed and rented. A fourth government project on the South Side, designed for colored people, did not have the ground broken even No increase in land values in the outlying business districts was noted. Boule vard property declined in value owing to fast auto travel and danger to children.

#### **NEW FEATURES**

The 1939 edition of the Blue Book has been increased in size by the addition of 56 pages over the 1938 book. Of these new pages, 20 are devoted to maps, showing the valuations, zoning, Etc., of the territory covered. The new maps embrace the towns and villages of Arlington Heights and Mt. Prospect on the northwest; the district on the north adjoining Sunset Ridge road; Berkeley and Hillside on the west; Posen and Robbins on the southwest. With these new maps, the Blue Book now covers all the territory from Highland Park on the north to Flossmoor on the south, Arlington Heights. On the northwest, Cook county line on the west and Oak Lawn on the southwest.

Owing to its increased size, the Index to maps has been divided into three sections. The north section covers all of Chicago and suburbs north of Kinzie St. and as far west as Ridgeland Ave. The south section all the territory south of Kinzie and as far west as Harlem Ave. The west section covers all the territory west of Ridgeland Ave. The tab or thumb index has been changed in this issue, to a modern style which will be found more convenient after a little use, than the old system. The first marker will be found on page A65 of the new colored section, headed "Marginal Index" which gives the order and the location in the book of the different reries into which the work is divided, either by section or half section streets. The tab or marker is placed at the east or lake end of the various series and refers to all the territory to the west or backward from that page up to the next marker to the north.

Another new feature is the publication of the statistics on population and building values in 75 different districts into which Chicago has been divided. The information contained and map of the districts involved, have been compiled from "District Fact Book" published by the Chicago Recreational Commission, edited by Geo. L. Burchard, in conjunction with the Social Science department of the University of Chicago This publication is out of print but copies may be seen at the Chicago Public Library.

#### New Features (Continued)

The foot notes at the bottom of each map page, have been carefully revised and should be used in connection with the population map on page 197, noted above. The change of the class designations in the foot notes from numbers to letters was made to conserve space. The class numbers, however, in the foot notes on suburban map pages, have been retained for the present.

For the first time the full text of the Oak Park and Winnetka zoning ordinances are published in this issue. The text matter of all the suburban towns and villages is very similar. Those published may be referred to as almost a duplicate of all the

others.

Among the other new features a late map of Cook county is published this year, also a revised ward map of Chicago, with an estimate of the population in 1936. In the Index to Streets, valuable information has been added under the headings of each suburban town. A few page numbers have been changed in the front part of the book. See page A67 Index to Maps.

#### EXPLANATORY

#### LAND VALUATIONS

The figures on the maps in this publication, are the unit of values per front foot, for inside lots not coming under the corner influence in every block in the city and suburbs. The unit used is for lots 125 feet in depth, except for the high priced lands in the downtown and near north side sections of the city where a depth of 100 feet is used. The latter will be found on pages 72, 81 and 82. Tables for determining the value of lots of a different depth than the unit are printed. The tables are the rules adopted by the assessor and are used for uniformity. Rules for determining corner values will also be found in the book. A corner in the more valuable parts of the city is computed as 100x100. In all other cases 50x125 constitutes a corner.

No rules for plottage value or the number of lots that comprise a unit for inside lots, is given. They vary in different sections of the city. In the downtown section the unit used is 100x100; in the business streets outside the Loop, 25x125 is the unit; in the newer residential parts of the city the unit varies from 30 to 50 feet according as they are laid out; in the older sections of the city where they were originally laid out in 25x125 feet lots, that size is the rule. In a manufacturing district 100x100 is used for express feet, where

were originally laid out in 25x|25 feet lots, that size is the rule. In a manufacturing district 100x|00 is used for square foot values.

The valuation herein given are arrived at by making a careful survey each year of the whole city and suburbs, interviewing local dealers for data on sales, asking prices and rentals in their neighborhood. Occupancy and collections are also inquired into. In the office of the publication files are compiled of transfers and advertised prices and all other information obtainable as to the trend of the market. The valuations may be said to be quotations of land values rather than estimates of them.

CHICAGO ZONING

Besides the land valuations, the zoning of the city is also shown on the maps. The zoning is an important factor in arriving at land values. Symbols for the "USE"

#### **EXPLANATORY**

and "VOLUME" provisions of the zoning ordinance may be found by consulting the Table of Contents. The "USE" symbol indicate the kind of improvements permitted. There are four symbols employed, as follows: Single family; Apartments: Commercial and Industrial. The VOLUME regulation, indicates how high a building may be erected in a district and what proportion of the lot may be occupied. The boundaries of the different districts are marked with a heavy black line. A table giving a summary of all the ordinance provisions in a brief form may be found in the front part of the publication.

Many stores in Chicago, established before the zoning ordinance was adopted, are still permitted to operate as such, in residential districts. These are termed "Non-conforming" uses. They are not shown on the maps. In case of fire or damage from other causes, they are not permitted to rebuild for the same use unless the damage

Some of the territory shown on the maps zoned for industrial purposes has been changed by subdividers or promoters from a manufacturing to a residential use. In such cases the home builder is protected by deed restrictions. The limit of time for such restrictions to run, is generally about 25 years.

#### SUBURBAN ZONING

With this issue of the Blue Book, a change is made in the symbols used covering the suburban area. The "USE" and "HEIGHT" symbols are combined in one large circle. The boundaries of the districts affected as in the case of the Chicago symbols, are shown by heavy black lines. For instance, a circle marked thus: "A-25-Res,", the "A" is the key letter used to show the kind of residence permitted in that district. The number "25" indicates the height allowed and "RES" that it is a single

trict. The number "27 indicates the neight anowed and NES that it is a single family district.

A list of all the suburban towns listed in the book, arranged alphabetically, with detailed information on the zoning provisions of the town in question, may be found in the front part of the publication. The abbreviations used are: "RES", residence; "BUS", business; "MFG", manufacturing and "IND"; industrial.

Some towns as Morton Grave, Elmwood Park, Niles and Lyons, have not as yet been zoned. However, streets on which business is being conducted, established by long use, are marked so zoned, just as if it had been zoned by official decree. These towns are governed by building codes or deed restrictions as the case may be.

PAVING

#### PAVING

The symbol use for paving, is a line drawn through the center of the street. Arrow heads at the ends of the lines, show how far the pavement extends. The year the pavement was laid and the kind of material used, is marked on the line, if paved subsequent to 1926. The date gives an idea of how old the pavement is and whether subsequent to 1926. The date gives an idea of how old the pavement is and whether or not there is liable to be any unpaid assessments against the adjoining property. The kind of pavement used is shown by the letters "A" (Asphalt), "AC" (Asphalt concrete) etc. A list of abbreviations used for paving materials is printed elsewhere. On the downtown streets and in the older sctions of the city generally, the pavement is not indicated as all such streets are paved and have been for years.

A large percentage of the new paving in the city and suburbs, on which the assessments have not as yet been paid, was laid in the years 1926, 1927 or 1928. Very few streets have been paved since then. In the years 1935 and 1936, a great deal of work was done in grading up unpaved streets, resurfacing old asphalt and relaying worn out brick pavements. New cement paving laid on the highways, was done by the WPA, aided by funds from the state gasoline tax.

#### PAGE NUMBERS

The large number at the top of the page is the folio number. The smaller numbers on the four sides of the maps are the reference numbers and refer to the continuation of the territory in the various directions. Thus "... See page 100," means the adjoining territory on the north, may be found on page 100, "E" means cast; "S" South and "W", west.

#### LEGAL DESCRIPTION

Each map in the book (unless a fractional section), covers territory one mile wide and one and one-half miles in the other direction (North and South). Hence on each page, there is a section and one half ground covered. The number of the section or half section as the case may be, is given on the left hand side of the maps. The Town (T) and Range (R) are placed at the top of the map.

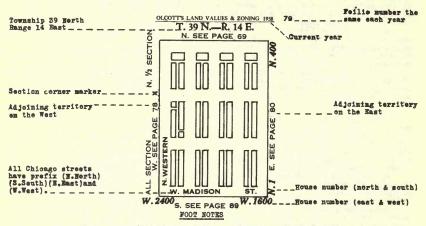

#### HOUSE NUMBERS

A map showing the house numbering system of the city is printed in the front part of the book. The house numbers may also be found on the margins of each map. They are printed in large black type and should not be confused with the valuation figures. The house numbers on the right hand margin applies to the north and south streets. The numbers on the bottom of the maps, the east and west streets. Madison sreet is the base line for all north and south streets and State street for all east and west streets. From these base lines the streets are numbered 100 to the block where the blocks are eight to the mile or its equivalent for shorter blocks. By recent council order, all streets must have the prefix N. (North), S. (South), E. (East) or W. (West), according to its direction from the base line.

(Continued on page A18)

#### Maps

Most map pages in book cover la section of land. The township and range are marked at top. The section number on the left outside border. House numbers on the right outside border and bottom of each map. The reference page numbers to doeste the adjoining pages are marked on all sides of map. The year is given on each page every year on the running head.

Arranged in order, (1) SW; Sec 29 Class CDT-Mative White-Bohemian top to bottom of (2) mW; Sec 20 Class BCDT-Czechoslavakian-Yugoslavian maps each side page (3) SW; Sec 20 Class BCD-Yac lote-Greak-Polish-Lithuanian

Each of the foot notes above, cover \( \frac{1}{2} \) section of ground. Class letters or numbers indicate character of building in that \( \frac{1}{2} \) section. See pictures for classification letters or numbers on pages A51 to A57.

Only the predominant mationalities of each \( \frac{1}{2} \) section are given. (see page 197)

#### LAND VALUES

The unit values on the maps are the estimated market values per front foot for inside lots in each block, not coming under corner influences. The depth of the lot is 125 feet, except in high value districts of downtown and near Horth Side where a depth of 100 feet is the unit. These later districts are so marked at the top of the page. Comsult the depth and corner rule tables for lots of a greater or less depth than the unit. Riparian right lots are made an exception to the rule, the figures given being for the lot as is. Prominent corners such as section line intersections and benievard corners are marked independently and are not subject to the rule. Industrial property and acres are marked by the square foct or per agre prices as the case may be.

-> PROMINENT and section line corners marked on an angle. Limit of size 50x125 feet, except downtown , which is 100x100 feet.

THISIDE UNIT without corner or alley influence (1x125 feet)

THISIDE UNIT for graded value in same block. Each lot increases from low to high

#### NOTES

(Not a Part of This Ordinance)

A-Corner lot maximum area 8,000 square feet.

B-1% (maximum 5%) may be added to the 60% or 75% of the area in a 2d volume residence or apartment district for each 100 square feet that the lot is less in area than 3,600 square feet.

C-Private or community garage 1 story not included in area or volume limits in 1st, 2nd or 3d

volume residence or apartment districts.

D-Volume of a building included courts not open to a street or alley; in a 1st volume district space under a pitched roof (equal in volume to a 60 degree hip roof) may be erected in addition to volume; 2-10 feet (maximum 2 feet) may be added to volume factors of 10 feet and 13 feet in a lat volume residence or apartment district for each 100 square feet that the lot is less in area than 3,600 square feet.

· E-Height limit at street line is to under side of ceiling beams; parapet (maximum height 8 feet) may

be added.

F—Street line height limit may be relaxed where frontage is on a public space.

G—Side lot line set back height limit is to the mean level of the top of fire wall; at a district boundary the least restrictive rule applies.

H-In a 5th volume district the slope up from the street and alley lines above 264 feet is 30 degrees

for a distance of 32 feet up the slope.

I—Cornices with 5 feet projection are permitted (3 feet projection in an alley back from the street a distance equal to the width of the alley) to a height 20 feet below the height limit of the parapet; for each I foot above that height the cornices are reduced in projection 3%.

-Grain elevators, derricks, gas tanks, etc., are allowed above height limit in a 1st, 2d, or 3d volume

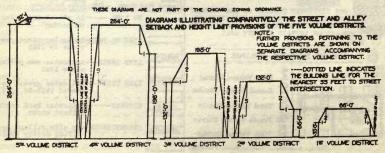

manufacturing use.

K-Towers in 1st and 2d volume commercial or manufacturing districts and in 3d, 4th, or 5th volume districts. (See paragraph (d) Section 21.)

L-Alley set back in a 2d, 3d, 4th, or 5th volume district does not apply for nearest 55 feet to the

street which the alley intersects.

M-Distance of buildings from center line of alleys in a 2d or 3d volume district does not apply for nearest 55 feet to the street which the alley intersects.

# VILLAGE OF WINNETKA Zoning Ordinance

An ORDINANCE to classify, regulate and restrict the locations of trades and industries and the location of buildings designed for specified uses and to regulate and limit the height and bulk of buildings hereafter erected, to regulate and limit the intensity of the use of lot areas and to regulate and determine the area of yards, courts and other open spaces within and surrounding such buildings, and to establish the boundaries of districts for the said purposes and prescribing penalties for the violation of its provisions.

THE COUNCIL OF THE VILLAGE OF WINNETKA DO ORDAIN:

#### SECTION 1.—DEFINITIONS.

For the purpose of this ordinance, certain terms and words are hereby defined, as follows:

Words used in the present tense include the future; words in the singular number include the plural number, and words in the plural number include the singular number; the word "building" includes the word "structure"; the word "shall" is mandatory and not directory. Any words not herein defined shall be construed as defined in the Municipal Code of the Village of Winnetka, passed and approved January 19, 1932, and amendments thereto.

Accessory Building: A subordinate building whose use is incidental to that of the main building. No accessory building shall contain living quarters except as hereinafter provided, nor shall exceed the following heights:

On a lot having an area of less than one-half  $(\frac{1}{2})$  acre, one story or fourteen (14) feet;

On a lot having an area of one-half ( $\frac{1}{2}$ ) acre or more, one and one-half ( $\frac{1}{2}$ ) stories or twenty (20) feet, part of which may be used as living quarters for servants of the family occupying the main building.

Alley: A public thoroughfare not over twenty (20) feet wide.

**Apartment:** A household unit suitable for occupancy by one or more persons in an apartment house or in a building, the first floor of which is used exclusively for commercial purposes.

Apartment House: A building used or intended to be used as a residence for two (2) families living in separate apartments.

Area: See "Building Area."

Automobile Filling Station: A building, structure, premises, enclosure or other place used for the sale or offering for sale at retail of automobile fuels or oils, except hardware stores, painting and decorating shops, dyeing and cleaning shops, tailor shops, or drug stores, where such fuels or oils are not regularly dispensed to automobiles.

(Continued on page A23)

# "Complete Insurance Service"

The facilities of this office anticipate the needs of the Agent or Broker in all forms of insurance.

# BRUMMEL BROS.

Insurance Underwriters

Cook County Department Managers representing Strong Old Line Companies only

175 West Jackson Boulevard
CHICAGO, ILLINOIS

TELEPHONE WABASH 2056

(Continued from page A21)

Basement: A story partly under ground, which, unless subdivided and used for tenant purposes, shall not be included as a story for purposes of height measurement.

**Boarding House:** A building or premises where meals are served for compensation for five (5) or more persons but not exceeding twenty (20).

Building: A structure having a roof supported by columns or walls for the shelter, support or enclosure of persons, animals or chattels; and when separated by division walls from the ground up, and without openings, each portion of such building shall be deemed a separate building.

**Building Area:** The maximum horizontal projected area of a building and its accessory buildings, excluding only open steps below the first floor level, terraces, and uncovered porches, balconies, canopies or cornices projecting not more than three and one-half  $(3\frac{1}{2})$  feet beyond the wall of the building.

Business: The word "business" or the word "commerce" when used in this ordinance means the engaging in the purchase, sale, barter or exchange of goods, wares or merchandise; and the maintenance or operation of offices or recreational or amusement enterprises.

Commercial: See "Business."

Community Garage: A series of private garages located jointly on a common lot and having no public shop or service in connection therewith, with a total capacity for not more than four motor vehicles.

Corner Lot: A lot situated at the junction of two or more streets. For zoning purposes, the frontage of a corner lot shall be the shortest street frontage of the lot.

**Depth of Rear Yard:** The mean horizontal distance between the rear line of the building and the center line of the alley, where an alley exists, otherwise the rear lot line.

**Depth of Lot:** The mean horizontal distance between the front and rear lot lines.

**District:** One or more sections of the Village of Winnetka for which the regulations governing the height, area, and use of buildings and premises are the same.

Dwelling: See Single Family Dwelling.

Half Story: That portion of a building between the eave and ridge lines of a sloping roof.

Height of Building: The vertical distance measured from the sidewalk level or its equivalent established grade opposite the middle of the front of the building to the highest point of the building for flat roofs; to the deck line for mansard roofs; and to the mean height level (between eaves and ridge) for gable and hiproofs. Where a building is located upon a terrace the height may be measured from the average ground level of the terrace at the building wall. For accessory buildings the height shall be measured from the floor level. (Continued on page A38)

#### BUILDING CLASSIFICATIONS

Explanation of Foot Notes
Abbreviations Used:

CL, Class; Pvd, Paved; RR, Railroad; S or Sec, Section; S10, Sertion 10; Sub, Subdivisions; Vac, Vacant.

N, North; E, East; S, South; W, West; NE, Northeast; NW, Northwest; SE, Southeast; SW, Southwest.

Amer, American; Bohn, Bohemian; Ital, Italian; Pol, Polish; Swed, Swedish; Jew, Jewish.

The underscoring is for the purpose of emphasis.

The foot notes on the bottom of each map page, indicate the character of the improvements and predominate nationalities living in the district. We have conformed to the Board of Assessors classification of improvements so far as used for the purpose of uniformity. The purpose of this survey is to give a picture of the character of the backing to business streets in each district. We have therefore not included the improvements on business streets themselves.

There are in general six one-quarter sections on each map page. The foot notes are arranged in two columns to correspond to their position on the map. For example, all west one-quarter sections are described in the foot notes on the left hand side. The east one-quarter sections on the right hand side.

The classifications of improvements in the book are general, reflecting types, rather than specific styles. Class 43 is used to cover all types of industrial property. The unit of land values combined with the building classifications will enable one to judge the kind of improvements in any given neighborhood.

The nationality only of the larger groups where they are well defined, are given. In mixed neighborhoods where there are no distinctive racial characteristics they are omitted.

# SCHEDULE FOR COMPUTING THE VALUE OF BUILDINGS

The building cost table below, is not the official table of the assessor's manual.

Costs by cubic or square foot calculations, are subject to wide variations, according to individual types of construction.

	Per	Cu	bic	Foot.	
Office Buildings, fireproof, first class	. 55	to	75	cents	
Office Buildings, fireproof, second class	. 40	to	55	cents	
Mercantile Buildings, fireproof, first class, steel construction	. 35	to	50	cents	
Manufacturing and Storage, fireproof, first class, concrete	. 25	to	40	cents	
Apartment Buildings, fireproof, first class					
Apartment Buildings, not fireproof, first class					
Manufacturing or Warehouse, mill construction, of 5,000 sq. f	t.		Jili		
floor space	.20	to	35	cents	
Factory Buildings, ordinary construction, according to floor space	20	to	35	cents	
Residences, first class over 25,000	.35	to	65	cents	
Residences, first class under 25,000	. 35	to	55	cents	
Residences, ordinary	. 28	to	40	cents	
Residences, two or three-story frame, stone foundation	25	to	40	cents	
Stores or Brick-Front Buildings, ordinary	.25	to	40	cents	
Flat Buildings, ordinary brick	.30	to	40	cents	
Flat Buildings, two or three-story frame	. 25	to	35	cents	
Cottages, brick or concrete foundation	25	to	40	cents	
Cottages, one-story frame, on posts	20	to	35	cents	
Cottagos, one story arming on posterior				10 50 0

Class T or 43

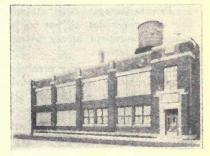

FIREPROOF FACTORY BUILDINGS.

Class U or 44

#### NOTE

These types of buildings are classified by letter or number on footnotes of each map.

(Continued from page A23)

Height of Court or Yard: The vertical distance from the lowest level of such court or yard to the highest point of any building wall, forming a boundary of such court or yard.

Hotel: A building or premises where lodging is provided, with or

without meals. for more than twenty (20) persons.

Inner Court: An open unoccupied space surrounded on all sides by walls, or by walls and a lot line.

Intensity of use of Lot: That proportion of the area of a lot which is occupied or which may be occupied under this ordinance, by buildings and their accessory buildings.

Length of Outer Court: The mean horizontal distance between the

open and closed ends of the court.

Line of Building: The boundary of any side of the building, excluding only open porches not exceeding one story in height and glazed porches whose roof line is no higher than three feet above the second floor level, or whose area projected over the building line does not exceed 200 square feet; steps and terraces at or below the first floor level; balconies, canopies or cornices projecting not more than three and one-half (3½) feet beyond the wall of the building.

Lodging House: A building or premises where lodging is provided for compensation for five (5) or more persons but not exceeding twenty (20).

Lot: Land occupied or to be occupied by a building and accessory buildings and including the open spaces required under these regulations. A lot may be land so recorded on the Records of the Recorder of Deeds or in the office of the Registrar of Titles of Cook County, Illinois.

Lot Lines: The lines bounding a lot as defined herein.

Non-Conforming Use: A building or premises occupied for a use that does not conform with regulations of the use district in which it is situated.

Outer Court: An open unoccupied space on the same lot with a building, extending to and opening upon a street, alley or yard.

Private Garage: A garage with a capacity for housing not more than four motor vehicles, all but one of which are to be the property of one owner or occupant of the premises, and of which one only may be a commercial vehicle.

Public Garage: Any premises used for the housing or care of more than four motor vehicles (excluding community garages) or where any such vehicles are equipped for operation, repaired, or kept for remuneration, hire or sale, not including exhibition or show rooms for model cars.

Private Stable: A stable with a capacity of not more than four (4) horses.

Public Stable: A stable with a capacity of more than four (4) horses.

Rear Yard: An open unoccupied space (except for accessory buildings) on the same lot with a building between the rear line of the building and the rear line of the lot, for the full width of the lot, except as modified by side yard restrictions. (Continued on page A161)

# Cook County Assessor's Rules

(Note: At the time of going to press, the new assessor's manual, now in process of revision, was not ready for release. The old tables are reprinted.)

The tables below are for the purpose of showing the distribution of corner values when divided into different ownerships. All corner influences extend 50 feet, except for residential and low priced business and apartment zoning, for which the corner influence extends the size of holding up to 50 feet. The downtown corner influence extends 100x100 feet.

The basic factor column is that percentage of the total corner premium value which a given number of feet bears to the entire premium value of 50 feet. See Rule No. 20.

The factors under the headings of "Business," "Apartments," etc., for the various zoning volumes given are the ones used in computation of the corner influence when divided into less than 50 feet holdings. The percentages given are the corner influence attached to each foot up to 50 feet. Use the unit of the high value street for the computation. Calculate the remainder by the difference between the percentage used and the whole percentage for 50 feet. See Rule No. 17.

#### EXAMPLES

The following are examples of computations of lots of various shapes and sizes, describing the rules applicable. To determine the value of a lot multiply the unit value by the factor to obtain the front foot value and then multiply the front foot value by the lot frontage.

#### RULE No. 1

Rectangular Lots. Use the actual street frontage and the actual depth and compute the value of the lot.

#### Apartment Vol. 2

		Unit	Depth	Front Foot	
	Front x Depth	Value	Factor	Value	Valuation
Lot "A'	25 x 75	\$200.00	.688	\$138.00	\$3,450.00
Lot "B'	25 x 125	200.00	1,000	200.00	5,000.00
Lot "C'	25 x 140	200.00	1.058	212.00	5,300.00

#### RULE No. 2

Parallel Lots. Determine mid-point on the rear line and draw through it a line perpendicular to the sides. Work as an angle lot.

Front x Depth	Unit Value \$200.00	Depth Factor 1.000	Front Foot Value \$200.00	Valuation \$17.000.00
Res. and Apt. 85 x 125	\$200.00	1.000	\$200.00	\$17,000.00
Business 92.5 x 125	200.00	1.000	200.00	18,500.00

#### RULE No. 3

Back Lots. Use as the depth factor the difference between the depth factors for the greatest and least distance from the street.

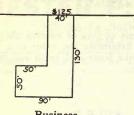

Front	x D	epth
50 x (	130	80)

Unit
Value
\$125.00

Depth
Factor

1.012	

Front Foot Value \$127.00 27.00

Valuation \$5,080.00 1,350.00

\$6,430.00

#### RULE No. 5

Parallel Sides. Where the sides of a lot are parallel and perpendicular to the street, use the actual street frontage and the average length of the two sides as depth.

	Fr	ont	хI	Dept	h
50	x	105	(9	4/1	16)

Unit
Value
\$200.00

Depth
Factor
002

Front Foot Value \$177.00

Valuation \$8,850.00

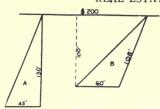

#### RULE No. 6

Triangles With Base on Street. Use one-half of actual frontage and the perpendicular depth from the street.

#### Business

Front x Depth Value Lot "A" 22.5 (45/2) x 130 \$125.00 Lot "B" 30 (60/2) x 100 Pd. 125.00	Depth Factor 1.012 .894	Front Foot Value \$127.00 112.00	Valuation \$2,858.00 3,360.00
---	----------------------------------	---	-------------------------------------

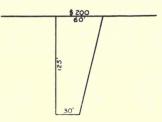

#### RULE No. 7

Triangles With Apex on Street. Use onefourth of the base and the perpendicular depth from the street.

Apartment Vol. 2

	Unit	Depth	Front Foot	
Front x Depth	Value	Factor	Value	Valuation
Lot "A" 11.25 (45/4) x 130	\$200.00	1.020	\$204.00	\$2,295.00
Lot "B" 15 (60/4) x 100 I	d. 200.00	.852	170.00	2,550.00

#### RULE No. 8

Parallel Front and Rear (Wide Front). For the frontage take the average of the front and rear widths. Use the perpendicular depth.

	Unit	Depth	Front Foot	
Front x Depth	Value	Factor	Value	Valuation
45 (60/30) x 125	\$200.00	1.00	\$200.00	\$9,000.00

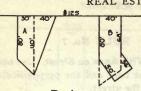

#### RULE No. 9

Parallel Front and Rear (Narrow Front). Increase the frontage by one-fourth the difference between the front and rear widths. Use the perpendicular depth.

Apartment Vol. 2

	Unit	Depth	Front Foot	
Front x Depth	Value	Factor	Value	Valuation
$27.5 (20/50) \times 130$	\$200.00	1.020	\$204.00	\$5,610.00

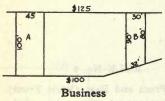

#### RULE No. 10

Irregular Lots. Reduce to lots with parallel sides or triangles.

#### Business

	Front x Depth	Unit Value	Depth Factor	Front Foot Value	Valuation
Lot "A"	$30 \times 95 (80/110)$	\$125.00	.872	\$109.00	\$3.270.00
	20 (40/2) x 110	125.00	.938	117.00	2,340.00
					\$5,610.00
Lot "B"	40 x 117 (130/104)	\$125.00	.967	\$121.00	\$4,840.00
			A PROPERTY REPORT OF PARTY.		

#### RULE No. 11

Through Lots One Hundred and Twenty-five Feet Deep and Less. Compute as iot fronting on the high value street. Add an amount equal to ten per cent of the rear street value times the actual frontage on the low value street.

		. 0			
	Front x Depth	Unit Value	Depth Factor	Front Foot Value	Valuation
Lot "A"	45 x 100	\$125.00	.894	\$112.00	\$5,040.00
	45 R.S.	100.00	.10	10.00	450.00

						\$102,365.00

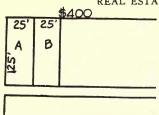

#### RULE No. 16

Business Corner. Compute as an inside lot on the high value street to the full depth and add corner influence. Corner influence is determined by taking 20% of the high value unit in Volume 1 zoning; 25% in Volume 2 and 30% in Volumes 3, 4 and 5, times the high value frontage up to 50 feet. Where the high value unit is \$150.00 or over, the frontage is always 50 feet and all lots within 50 feet of the corner receive corner influence. Apply depth factors according to the depth of the lot.

Front x Depth	Unit Value	I
60 x 125	\$400.00	
50 x 125 C. I.	400.00	

Depth Factor	Corner Factor	Front Foot Value	Valuation
1.000		\$400.00	\$24,000.00
1.000	.25	100.00	5,000.00

\$29,000.00

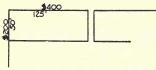

#### RULE No. 17

Business Lot Within Fifty Feet of Corner. High Value Unit \$150.00 or Over. Compute as an inside lot and apportion corner influence according to distributing factors.

#### RULE No. 18

Business Corner With Long Frontage on High Value Street. Compute as an inside lot on the high value street and add corner influence.

Depth Factor .528 .528	Corner Factor	Front Foot Value \$211.00 63.00	Valuation \$26,375.00 3,150.00
---------------------------------	------------------	--	--------------------------------------

\$29,525.00

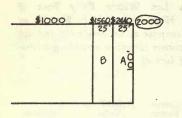

#### RULE No. 19

Commercial Corners. On a number of business corners, called commercial corners, where the regular corner influence rules do not apply special corner values are placed. These corner values indicate the unit foot value of the corner, generally fifty feet, including corner influence.

_	Front x Depth	Unit Value	Depth Factor	Front Foot Value	Valuation
Corner "A	" 50 x 125	\$5,000.00	1.00	\$5,000.00	\$250,000.00
Corner "B	' 50 x 100	4,000.00	.852	3,408.00	170,400.00
Corner "C"	' 50 x 110	3,500.00	.913	3,196.00	159,800.00
Corner "D	" 50 x 150	3,000.00	1.095	3,285.00	164,250.00

#### RULE No. 20

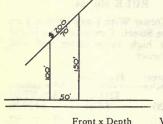

Commercial Corner Less Than Fifty Feet. To distribute corner value take the difference between the circle and the inside unit times fifty feet. Apply distributing factors according to size of holdings and divide by size of holdings. Add resulting figures to the inside unit to determine the corner units.

	Lot "A"	
1,000 (2,000 -	$-1,000) \times 50$	50,000

## **APPRAISALS**

We make appraisals on property of any kind in the city of Chicago. Our specialty: land values. Valuations made for any year past for income tax purposes. Terms on application.

GEO. C. OLCOTT & CO., INC.

Franklin 5186

(Continued from page A38)

Set-Back: The minimum horizontal distance between the street line and the nearest line of the building.

Side-Yard: An open unoccupied space on the same lot with a building between the building and the side line of the lot and extending from the front line to the rear line of the lot except the rear twenty-five per cent (25%) of the depth of the lot.

Single Family Dwelling: A detached building having accommodations for and occupied by one family only, including household servants.

Story: That portion of a building included between the surface of any floor and the surface of the floor next above it, or if there be no floor above it then the space between such floor and the ceiling next above it.

Structural Alterations: Any change in the supporting members of a building, such as bearing walls or partitions, columns, beams or girders, excepting such alterations as may be required for the safety of the building.

Terrace: A natural or artificial earthen embankment between a building and its street front. The "height of the terrace" shall be the difference in elevation between the average sidewalk level or its equivalent established grade opposite the front of the middle of the building, and the average elevation of the terrace at the building wall.

Through Lot: A lot having its front and rear lines on different streets, or its front or rear line on a street and the other line on Lake Michigan or some other body of water.
SECTION 2.—DISTRICT REGULATIONS. Use—Height—Area

In order to classity, regulate and restrict the locations of trades and industries, and the location of buildings designed for specified uses, and to regulate and limit the height and bulk of buildings hereafter erected or altered, to regulate and limit the intensity of the use of lot areas, and to regulate and determine the area of yards, courts, and other open spaces within and surrounding such buildings, the Village of Winnetka is hereby divided into five "DISTRICTS." The Use, Height and Area regulations are uniform in each district and said districts shall be known as:

"A" (One Sixth Acre) RESIDENCE DISTRICT

"A" (One Half Acre) RESIDENCE DISTRICT

"B" RESIDENCE DISTRICT

"C" COMMERCIAL DISTRICT

"D" INDUSTRIAL DISTRICT

The Village of Winnetka is hereby divided into five districts as aforesaid, and the boundaries of such districts are indicated upon the District Map of the Village of Winnetka, which map is hereto attached and made a part of this ordinance. The said District Map and all the notations, references and other matters shown thereon shall be as much a part of this ordinance as if the notations, references and other matters set forth (Continued on page A162)

(Continued from page A161)

by said map were all fully described nerein. For gleater particularity in the description of the boundaries of such district, reference is hereby made to the legal description of the real estate comprised within each of such districts as set forth in Section 18 of this ordinance.

Except as hereinafter provided,

- (1) No building shall be erected or altered, nor shall any building or premises be used for any purpose other than is permitted in the District in which such building or premises is located:
- (2) No building shall be erected or altered to exceed in height the limit herein established for the District in which such building is located;
- (3) No building shall be erected, nor shall any existing building be altered, enlarged or rebuilt, nor shall any open spaces surrounding any building be encroached upon or reduced in any manner, except in conformity with the area regulations hereby established for the District in which such building is located.

### SECTION 3.—"A" (One-Sixth Acre) RESIDENCE DISTRICT REGU-LATIONS.

Use: No building or premises shall be used and no building shall be hereafter erected or altered within the said "A" (One-Sixth Acre) Residence District, unless otherwise provided in this ordinance, except for the necessary use to which any one of the following places or establishments may be put:

- 1. Single Family Dwelling,
- 2. Church or Temple,
- 3. Public School.
- 4. Library,
- 5. Farm or Truck Garden,

and the usual accessory buildings located on the same lot, not involving the conduct of a business and including one private garage or one private stable, or both, or a community garage when located on the rear one-third of the lot and not occupying over ten per cent (10%) of the lot and having a set-back of at least thirty (30) feet from any street line, and also including home occupations engaged in by the occupants of a dwelling not involving the conduct of a business on the premises.

Height: No building hereafter erected or altered shall exceed thirty-five (35) feet in height, or two and one-half (2½) stories.

Rear Yard: There shall be a rear yard having a depth of not less than fifteen (15) per cent of the depth of the lot, provided such rear yard be not less than ten (10) feet, and need not exceed twenty-five (25) feet in depth.

Whenever the boundary line of the rear yard of any lot is also the side line of a required side yard on an adjoining lot, no building nor any part thereof shall be built in the said rear yard closer to the said side line of the adjoining lot than the width of the required side yard on the adjoining lot.

(Continued on page A163)

(Continued from page A162)

Set-back: There shall be a set-back of not less than thirty (30) feet. On streets where a set-back of more than thirty (30) feet has hitherto been maintained by buildings existing on lots or tracts having a frontage of fifty per cent (50%) or more of the total frontage on one side of that portion of any street (a) lying between two intersecting streets, or (b) lying between one intersecting street and the center line extended of the nearest street connecting with but not intersecting such street, or (c) lying between the center lines extended of the nearest streets connecting with but not intersecting such street, buildings shall maintain a set-back of not less than the average of the aforementioned existing buildings; provided, however, that this average set-back requirement shall not be interpreted to necessitate a set-back on any lot in excess of ten (10) feet more than that maintained by an existing main building on an immediately adjoining lot.

Buildings on corner lots shall observe the set-back above established on both street frontages of the lot, except that this regulation shall not be interpreted to reduce the width of the building area to less than thirty

(30) feet, nor its length to less than seventy-five (75) feet.

Accessory buildings shall not be placed nearer the street line than the building of primary use except on through lots and in such cases the set-

back provision of each street shall be observed.

Side Yard: There shall be a side yard on each side of the building having a width of not less than six (6) feet. For lots of separate ownership duly recorded in the office of the Recorder of Deeds or in the office of the Registrar of Titles of Cook County, Illinois, at the date of the passage of this ordinance, having a width of less than thirty (30) feet, the foregoing requirements for side yards may be reduced to a minimum width of three (3) feet.

Outer Court: An outer court shall have a width of not less than five (5) feet, nor be less than two and one-half  $(2\frac{1}{2})$  inches wide for each foot of height of such court, nor be less than two and one-half  $(2\frac{1}{2})$  inches

wide for each foot of length of such court from the closed end

Inner Court: An inner court shall have a width of not less than six (6) feet, nor be less than three (3) inches wide for each foot of height of such court, nor shall its area be less than twice the square of its required

least dimension.

Intensity of Use of Lot: No building with its accessory buildings shall occupy in excess of twenty-five (25) per cent of the area of the lot, except that a building with its accessory buildings may occupy not to exceed thirty-five (35) per cent of the area of a corner lot, the average width of which is fifty (50) feet or less. No dwelling or group of dwellings shall hereafter be erected or altered to accommodate or make provision for more than six (6) families on any acre of land, or make provision for more than a proportional number of families on any fractional part of an acre of land, except that a single family dwelling may be erected on any lot having an area of less than one-sixth of an acre, provided that such lot shall have been duly recorded prior to the passage of this ordinance.

(Continued on page A164)

(Continued from page A163)

SECTION 3-a. "A" (One-Half Acre) RESIDENCE DISTRICT REGU-LATIONS.

Use: No building or premises shall be used and no building shall be hereafter erected or altered within the said "A" (One-Half Acre) Residence District, unless otherwise provided in this ordinance, except for the necessary use to which any one of the following places or establishments may be put:

- 1. Single Family Dwelling, 2. Church or Temple
- 3. Public School, 4. Library,
- 5. Farm or Truck Garden,

and the usual accessory buildings located on the same lot, not involving the conduct of a business and including one private garage or one private stable, or both, or a community garage when located on the rear one-third of the lot, and not occupying over ten per cent (10%) of the lot and having a set-back of at least fifty (50) feet from any street line, and also including home occupations engaged in by the occupants of a dwelling not involving the conduct of a business on the premises.

Height: No building hereafter erected or altered shall exceed thirty-five (35) feet in height, or two and one-half (2½) stories.

Rear Yard: There shall be a rear yard having a depth of not less than fifteen (15) per cent of the depth of the lot, provided such rear yard be not less than ten (10) feet, and need not exceed twenty-five (25) feet in depth.

Whenever the boundary line of the rear yard of any lot is also the side line of a required side yard on an adjoining lot, no building nor any part thereof shall be built in the said rear yard closer to the said side line of the adjoining lot than the width of the required side yard on the adjoining lot.

Set-Back: There shall be a set-back of not less than fifty (50) feet. On streets where a set-back of more than fifty (50) feet has hitherto been maintained by buildings existing on lots or tracts having a frontage of fifty (50) per cent or more of the total frontage on one side of that portion of any street (a) lying between two intersecting streets, or (b) lying between one intersecting street and the center line extended of the nearest street connecting with but not intersecting such street, or (c) lying between the center lines extended of the nearest streets connecting with but not intersecting such street, buildings shall maintain a set-back of not less than the average of the aforementioned existing buildings; provided, however, that this average set-back requirement shall not be interpreted to necessitate a set-back on any lot in excess of ten (10) feet more than that maintained by an existing main building on an immediately adjoining lot.

Buildings on corner lots shall observe the set-back above established on both street frontages of the lot, except that this regulation shall not be interpreted to reduce the width of the building area to less than thirty (30) feet, nor its length to less than seventy-five (75) feet.

(Continued on page A165)

(Continued from page A164)

Accessory buildings shall not be placed nearer the street line than the building of primary use except on through lots, and in such cases the set-back provisions of each street shall be observed.

Side Yard: There shall be a side yard on each side of the building having a width of not less than twelve (12) feet. For lots of separate ownership duly recorded in the office of the Recorder of Deeds or in the office of the Registrar of Titles of Cook County, Illinois, prior to the date of the passage of this Section designated 3-a, having an area of less than one-half (½) of an acre, the foregoing requirements for side yards may be reduced to a minimum width of six (6) feet.

Outer Court: An outer court shall have a width of not less than five (5) feet, nor be less than two and one-half (2½) inches wide for each foot of height of such court, nor be less than two and one-half (2½) inches wide for each foot of length of such court from the closed end.

Inner Court: An inner court shall have a width of not less than six (6) feet, nor be less than three (3) inches wide for each foot of height of such court, nor shall its area be less than twice the square of its required least dimension.

Intensity of Use of Lot: No building with its accessory buildings shall occupy in excess of twenty-five (25) per cent of the area of the lot. No dwelling or group of dwellings shall hereafter be erected or altered to accommodate or make provision for more than two (2) families on any acre of land, or make provision for more than a proportional number of families on any fractional part of an acre of land, except that a single family dwelling may be erected on any lot having an area of less than one-half of an acre, provided that such lot shall have been duly recorded in the office of the Recorder of Deeds or in the office of the Registrar of Titles of Cook County, Illinois, prior to the passage of this Section designated 3-a.

### SECTION 4.—"B" RESIDENCE DISTRICT REGULATIONS

Use: No building or premises shall be used and no building shall be hereafter erected or altered within the said "B" Residence District unless otherwise provided for in this ordinance, except for the necessary use to which any one of the places or establishments permitted in the said "A" (One-Sixth Acre) Residence District and any one of the following places or establishments may be put:

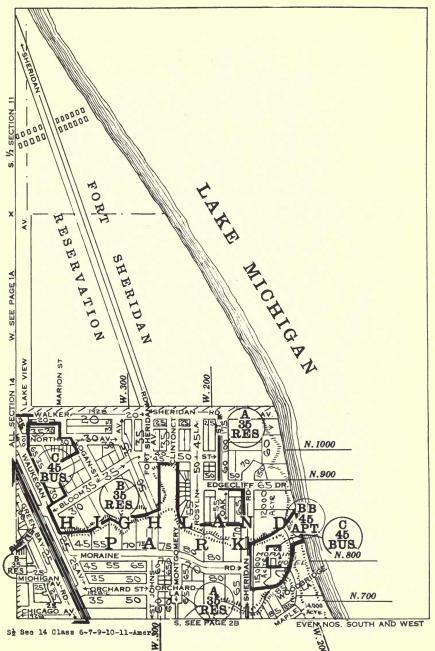

- 1. Private Club not used for hotel purposes,
- 2. Boarding and Lodging House,
- 3. Institution of an educational, philanthropic or eleemosynary nature,
- 4. Nursery and Greenhouse, 5. Hospital,
- 6. Apartment house for not to exceed two (2) families.

**Height:** No building hereafter erected or altered shall exceed thirty-five (35) feet in height or two and one-half  $(2\frac{1}{2})$  stories.

(Continued from page A165)

Rear Yard: There shall be a rear yard of not less than ten (10) per cent of the depth of a corner lot, nor less than fifteen (15) per cent of the depth of an interior lot, provided, however, such rear yard need not exceed ten (10) and fifteen (15) feet respectively.

Whenever the boundary line of the rear yard of any lot is also the side line of a required side yard on an adjoining lot, no building nor any part thereof shall be built in the said rear yard closer to the said side line of the adjoining lot than the width of the required side yard on the ad-

joining lot.

Set-Back: There shall be a set-back of not less than thirty (30) feet. On streets where a set-back of more than thirty (30) feet has hitherto been maintained by buildings existing on lots or tracts having a frontage of fifty (50) per cent or more of the total frontage on one side of that portion of any street (a) lying between two intersecting streets, or (b) lying between one intersecting street and the center line extended of the nearest street connecting with but not intersecting such street, or (c) lying between the center lines extended of the nearest streets connecting with but not intersecting such street, buildings shall maintain a set-back of not less than the average of the aforementioned existing buildings; provided, however, that this average set-back requirement shall not be interpreted to necessitate a set-back on any lot in excess of ten (10) feet more than that maintained by an existing main building on an immediately adjoining lot. Buildings on corner lots shall observe the set-back above established on both street frontages of the lot, except that this regulation shall not be interpreted to reduce the width of the building area to less than thirty (30) feet, nor its length to less than seventy-five (75) feet.

Accessory buildings shall not be placed nearer the street line than the building of primary use except on through lots and in such cases

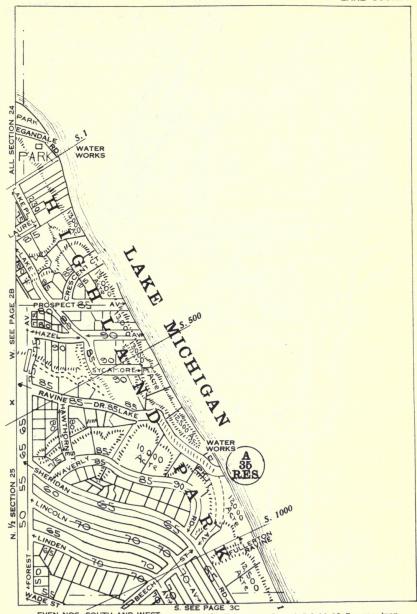

the set-back provision of each street shall be observed.

Side Yard: There shall be a side yard on each side of the building having a width of not less than six (6) feet. For lots of separate ownership duly recorded in the office of the Recorder of Deeds or in the office of the Registrar of Titles of Cook County, Illinois, at the date of the passage of this ordinance, having a width of less than thirty (30) feet, the foregoing requirements for side yards may be reduced to a minimum width of three (3) feet.

Outer Court: An outer court shall not be less than five (5) feet, nor be less than two and one-half  $(2\frac{1}{2})$  inches wide for each foot of height of such court, nor be less than two and one-half  $(2\frac{1}{2})$  inches wide for each foot of length of such court from the closed end.

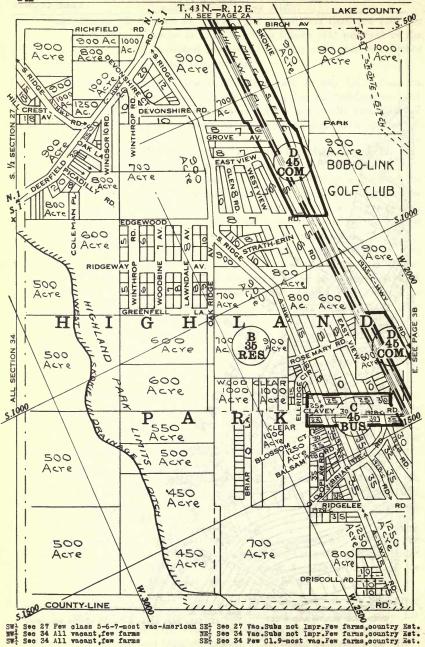

Inner Court: An inner court shall have a width of not less than six (6) feet, nor be less than two and one-half (2½) inches wide for each foot of height of such court, nor shall its area be less than twice the square of its required least dimension. (Continued opposite map 4B)

Sec No Man's Land. All Com'l Use

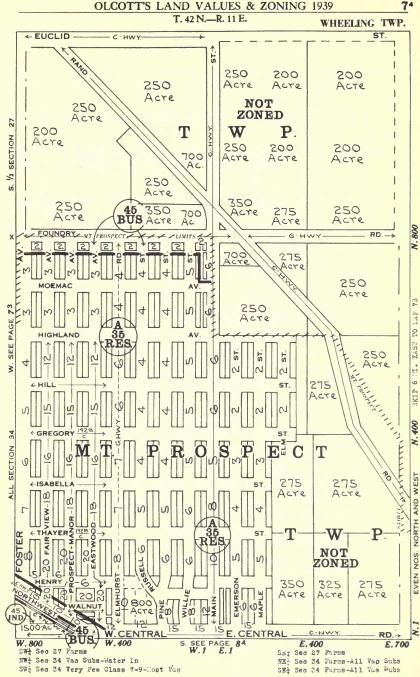

SWi Sec 31 Truck Farms

NEi Sec 31 Class 3-4-5-6-Vac Lots SET Sec 31 Class 4-7-9-10-Vac Lots

(Continued from map 6D)

Height: No building hereafter erected shall exceed thirty-five (35) feet in height or three (3) stories.

Rear Yard: There shall be a rear yard of not less than ten (10) per cent of the depth of the lot, provided, however, such rear yard need not exceed ten (10) feet in depth.

Side Yard: A side yard, if provided, shall be not less than three (3) feet wide.

Outer Court: An outer court shall be not less than five (5) feet wide, nor less than two (2) inches wide for each foot of length of such court from the closed end.

Inner Court: An inner court shall not be less than six (6) feet wide, nor shall its area be less than twice the square of its required least dimension.

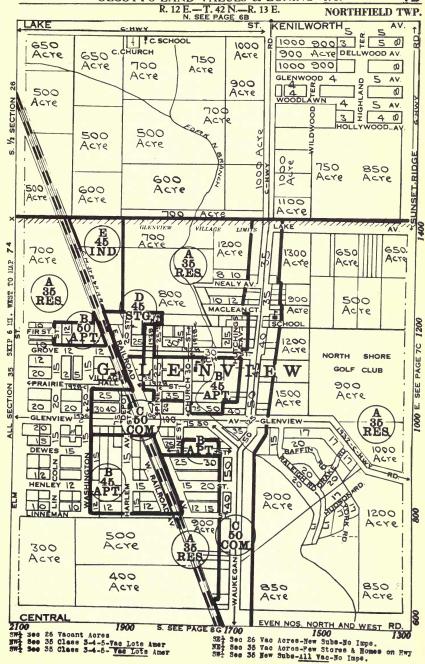

Intensity of Use of Lot: No building with its accessory buildings to be used for commercial or industrial purposes shall occupy in excess of ninety (90) per cent of the area of the lot. Any building used partly for residential purposes shall conform to the restrictions provided for such buildings in the "C" Commercial District.

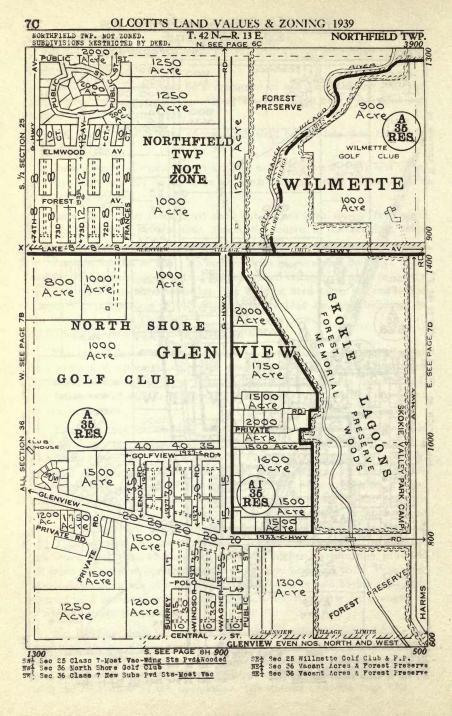

#### SECTION 7.—NON-CONFORMING USE.

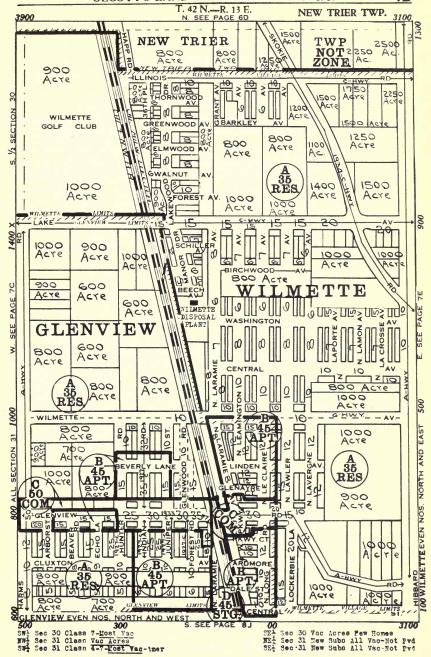

The lawful use of a premises existing at the time of the adoption of this ordinance, although such use does not conform to the provisions hereof, may be continued, but if such non-conforming use is discontinued, any future use of said premises shall be in conformity with the provisions of this ordinance.

The lawful use of a building existing at the time of the adoption of this ordinance may be continued, although such use does not conform with the provisions hereof, and such use may be extended throughout the building, provided no structural alterations, except those required by law or ordinance, are made therein. If no structural alterations are made, a nonconforming use of a building may be changed to a use of the same or higher classification according to the provisions of this ordinance, and provided further that whenever a Use District shall be hereafter changed, any then existing non-conforming use in such changed district may be continued or changed to a use of a similar or higher classification, provided all other regulations governing the new use are complied with. Whenever a non-conforming use of a building has been changed to a higher classification or to a conforming use, such use shall not thereafter be changed to a use of a lower classification.

No building shall be erected upon any premises devoted to a nonconforming use, and no building located upon any such premises, which has been damaged by fire, or other causes to the extent of more than fifty (50) per cent of its value, shall be repaired or rebuilt except in conformity with the regulations of this ordinance. (Continued opposite map 7E)

### WINNETKA ZONING ORDINANCE

(Continued from map 7B)

When the boundary line of any use district divides a lot in a single ownership at the time of the adoption of this ordinance, nothing herein shall be construed to prevent the extension of the use existing on either portion of such parcel of ground, to the entire parcel, but for a distance of not greater than ten (10) feet.

The Village Council may authorize in a residence district for a period of not more than one year from the date of such permit, a temporary building for commerce or industry incidental to the residential development.

The Village Council may, after public notice and hearing, authorize in any location, a structure or premises to be used by a public service corporation or for public utility or municipal purposes which it deems reasonably necessary for the public convenience and welfare. Any right of way, station grounds or other premises located in any district and now used for railroad or railway purposes shall be considered a non-conforming use until such time as the said premises shall cease to be used for railroad or railway purposes, when the said premises shall conform with the provisions of this ordinance.

### SECTION 8.— EXCEPTIONS.

The foregoing requirements shall be subject to the following exceptions:

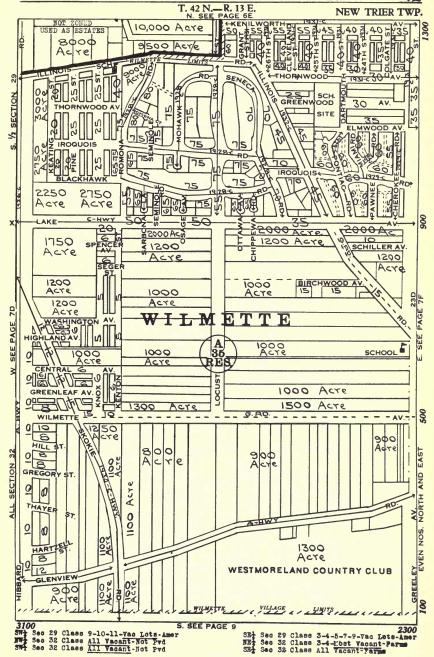

### Property taken for public purpose:

Whenever the area of any lot or tract of land shall be reduced below the minimum area required for the uses permitted in the district in which said lot or tract of land is located as the result of the acquisition or condemnation of a portion of any such lot or tract of land for any public purpose, the remaining portion of any such lot or tract of land, notwithstanding such reduction in area, shall be considered to be in compliance with the minimum requirements of this ordinance and shall have the same status as though any such lot or tract of land so reduced in area had been recorded in the office of the Recorder of Deeds or in the office of the Registrar of Titles of Cook County, Illinois, prior to the passage of this amendment of original section 8 of said ordinance.

### Height:

- (1) That in the thirty-five (35) foot height districts public or semipublic buildings, churches and temples, hospitals, sanitariums, or schools may be erected to a height not exceeding sixty (60) feet.
- (2) One family dwellings in the thirty-five (35) foot height district may be increased in height by not more than ten (10) feet when two (2) side yards of not less than fifteen (15) feet each are provided. Such dwellings, however, shall not exceed three (3) stories in height.
- (3) Churches and temples, which have side yards on all sides and comply with the area restrictions of the "A" RESIDENCE DISTRICT may be erected provided they shall be in accordance with the height regulations of existing or hereafter adopted ordinances of the Village of Winnetka.

(Continued opposite map 7F)

### WINNETKA ZONING ORDINANCE

### (Continued from map 7E)

- (4) Chimneys, cooling towers, elevator bulkheads, fire towers, light-houses, monuments, pent houses, stacks, stage towers or scenery lofts, tanks, water towers, ornamental towers and spires, wireless towers, or necessary mechanical appurtenances may be erected to a height in accordance with existing or hereafter adopted ordinances of the Village of Winnetka.
- (5) On "through" lots one hundred and twenty-five (125) feet or less in depth the height of a building may be measured from the established sidewalk level on either street. On "through" lots more than one hundred and twenty-five (125) feet in depth the height regulations and basis of height measurement from the street permitting the greater height shall apply to a depth of not more than one hundred (100) feet from that street.

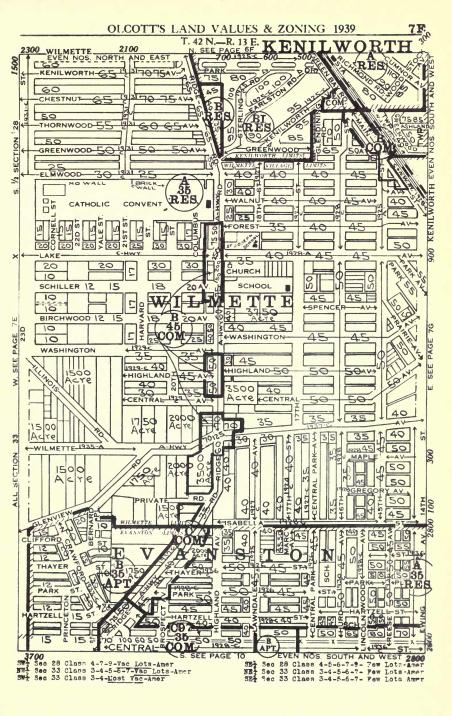

### Area:

- (1) In the case of buildings upon lots running through from street to street the requirements for a rear yard may be waived when such buildings comply with the percentage of lot occupancy by furnishing other open space in lieu of such required rear yard.
- (2) In computing the depth of a rear yard or the width of a side yard or open court for any building where such yard or court opens on to an alley, one half of such alley may be assumed to be a portion of the yard or court.
- (3) Every part of a required yard or court shall be open from its lowest point to the sky unobstructed, except for the ordinary projections of skylights above the bottom of such yard or court, and except for the projections of sills, belt courses, cornices and ornamental features not to exceed four (4) inches.
- (4) Open or lattice enclosed fire escapes, fire-proof outside stairways, and balconies opening upon fire towers projecting into a yard not more than five (5) feet or into a court not more than three and one-half (3½) feet, and the ordinary projections of chimneys and flues, may be permitted by the Superintendent of Public Works where the same are so placed as not to obstruct light and ventilation.

#### Set-back:

Churches and temples, or any enlargements or extensions thereof, to be located on a corner lot, which shall otherwise comply with the provisions of this ordinance, may be allowed a set-back of not less than twenty (20) feet on the side of such lot having the longest street frontage; provided, that no part of any such building that shall extend in front of the set-back line otherwise required by this ordinance shall be less than one hundred (100) feet from the respective meeting points or points of intersection of the line of such lots having the longest street frontage

and the adjoining lot lines of any such lot, and that the area of the portion of any such building that shall extend in front of the set-back line otherwise required by this ordinance shall not be more than fifteen (15) per cent of the total area of any such building.

### SECTION 9.—BOARD OF APPEALS.

Creation and Membership: A Board of Appeals is hereby authorized to be established. The word "Board" when used in this section shall be construed to mean the Board of Appeals. The said Board shall consist of five (5) members appointed by the President of the Village and confirmed by the Village Council. The members of said Board shall serve respectively for the following terms: One for one year, one for two years, one for three years, one for four years, one for five years; the successor to each member so appointed shall serve for a term of five (5) years. One of the members of said Board shall be by the President of the Village designated as Chairman of said Board and shall hold his said office as Chairman until his successor is appointed. Such Chairman, or in his absence, the Acting Chairman, may administer oaths and compel the attendance of witnesses. The President of the Village shall have the power to remove any member of said Board for cause and after a public hearing. Vacancies upon said Board shall be filled for the unexpired term of the member whose place has become vacant in the manner herein provided for the appointment of such member.

Meetings: All meetings of the Board of Appeals shall be held at the call of the Chairman and at such other times as such Board may determine. All meetings of said Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon every question, or if absent or failing to vote indicate such fact and shall also keep records of its examinations and other official (Continued opposite map 8-3)

### (Continued from map 7H)

actions. Findings of fact shall be included in the minutes of each case of a requested variation, specifying the reasons for making such variation. Every rule or regulation, every amendment or repeal thereof, and every order, requirement, decision or determination of the Board shall immediately be filed in the office of the Board and shall be a public record. The Board shall adopt its own rules of procedure not in conflict with the statute in such case made and provided.

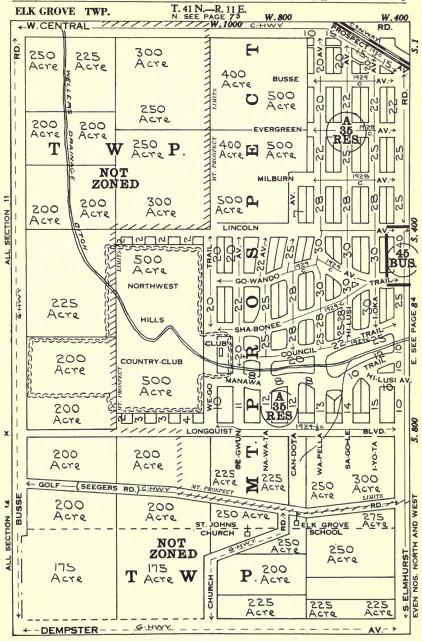

Appeal and Review: An appeal may be taken from the officer charged with the enforcement of this ordinance by any person aggrieved or by an officer, department, Board or Bureau of the Village. Such appeal shall be taken within such time as shall be prescribed by the Board of Appeals by general rule, by filing with the officer from whom the appeal is taken and with the Board of Appeals, a notice of appeal, specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all of the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Appeals after the notice of appeal has been filed with him that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case the proceedings shall not be staid otherwise than by a restraining order which may be granted by the Board of Appeals or by a court of record on application, on notice to the officer from whom the appeal is taken and on due cause shown.

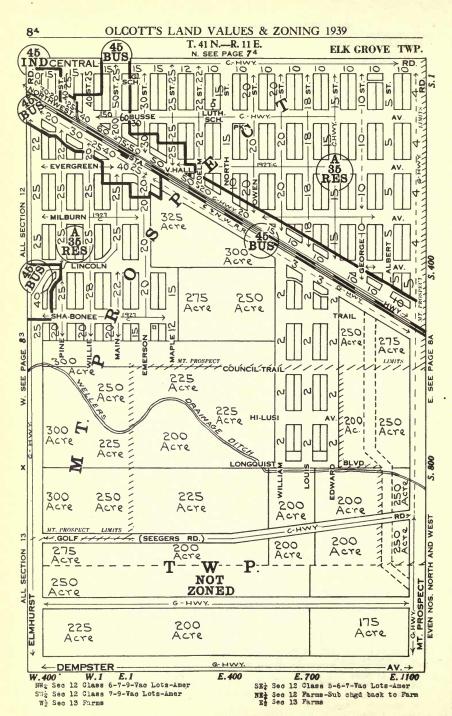

The Board of Appeals shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties and decide the same within a reasonable time. Upon the hearing, any party may appear in person, or by agent, or by attorney. The Board of Appeals may reverse or affirm wholly or partly or may modify the order, requirement, decision or determination as in its opinion ought to be made in the premises and to that end shall have the power of the officer from whom the appeal is taken.

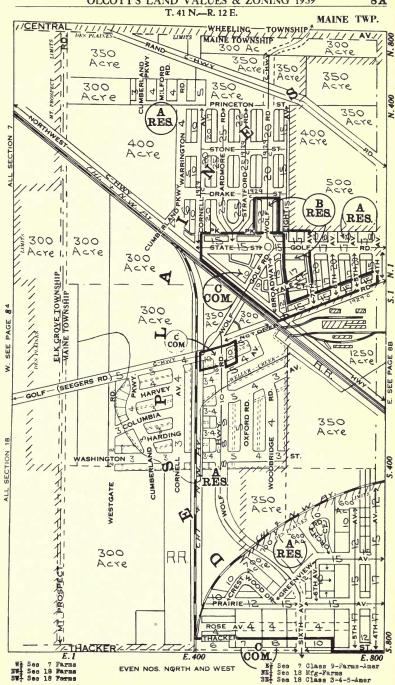

Any person or persons jointly or severally aggrieved by any decision of the Board of Appeals or any officer, department, Board, or Bureau of the Village may present to a court of record a petition duly verified setting forth that such decision is illegal in whole or in part, specifying the grounds of the illegality. Such petition must be presented to the court within thirty (30) days after the filing of the decision of the Board of Appeals in the office of the Board. If upon the presentation of such petition the court shall allow a Writ of Certiorari directed to the Board of Appeals to review such decision of the Board of Appeals, the allowance of such Writ shall not stay the proceedings upon the decision of the Board appealed from, but the court may, on application, on notice to the Board, and on due cause shown, grant a restraining order.

### WINNETKA ZONING ORDINANCE

(Continued from map 8-3)

The Board of Appeals shall not be required to return, in response to such Writ of the court, the original papers acted upon by the Board, but it shall be sufficient to return certified or sworn copies thereof or such portions thereof as may be called for by such Writ. The return of the Board required by such Writ must concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from, and such return must be verified.

**Jurisdiction:** The Board of Appeals shall hear and decide appeals from and review any order, requirement, decision or determination made by the administrative official charged with the enforcement of this ordinance.

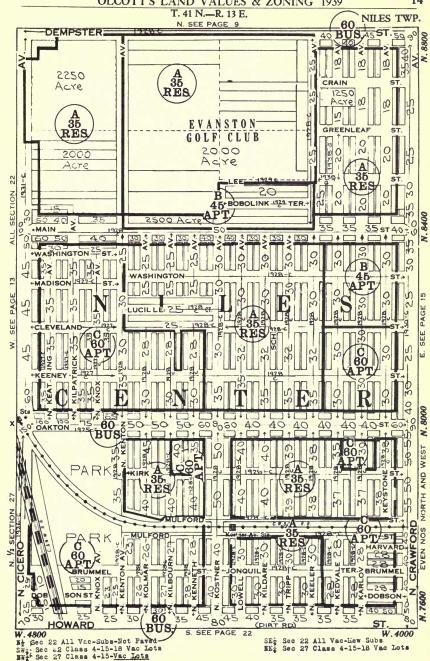

It shall also hear and decide all matters referred to it or upon which it is required to pass under this ordinance. The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision or determination of any such administrative official or to decide in favor of the applicant any matter upon which it is required to pass under this ordinance or to effect any variation in this ordinance.

Where in specific cases permits are applied for and there are practical difficulties or particular hardship in the way of carrying out the strict letter of any of the provisions or regulations of this ordinance relating to the use, construction or alteration of buildings or structures, or the use of land, the Board of Appeals may determine and vary their application in harmony with their general purpose and intent and in accordance with the following rules:

No variation in the application of the provisions of this ordinance shall be made by the Board of Appeals concerning the use of land, the intensity of such use, the size, shape or location of courts or open spaces, or the height of structures now existing or to be constructed, unless after a hearing as provided for in this section, the Board of Appeals shall find that such variation will not (1) impair an adequate supply of light and air to adjacent property; (2) will not increase the hazard from fire and other dangers to said property; (3) will not diminish the taxable value of land and buildings throughout the Village; (4) will not increase the congestion in the public streets; and, (5) will not otherwise impair the public health, safety, comfort, morals and welfare of the inhabitants of said Village; nor shall any such variation be made in any case unless the same shall comply with the following limitations:

1. Such variation, whether applicable to new buildings, or to additions to or alterations or extensions of, existing buildings, shall not reduce the required dimensions of open spaces by more than twenty per cent, nor reduce the required total area of open spaces by more than ten per cent, nor reduce the required total lot area by more than five per cent.

### WINNETKA ZONING ORDINANCE (Continued from map 14)

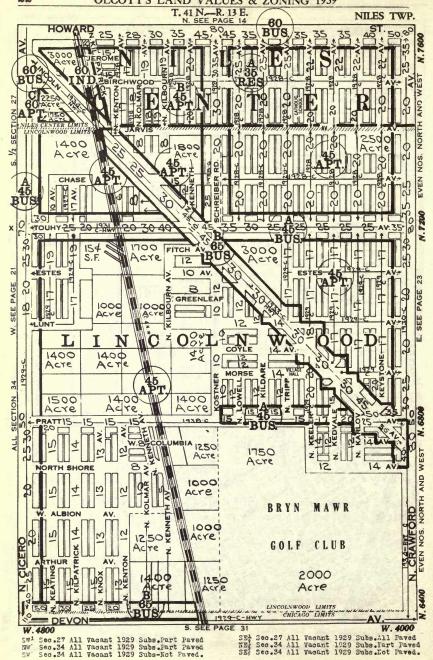

- 2. Such variation shall not permit an increase in the height of structures more than ten per cent above the maximum height permitted by this ordinance.
- 3. Such variation shall not permit any extension of a non-conforming use throughout a building or lot contrary to the limitations imposed in paragraphs 1 and 2 of this section.

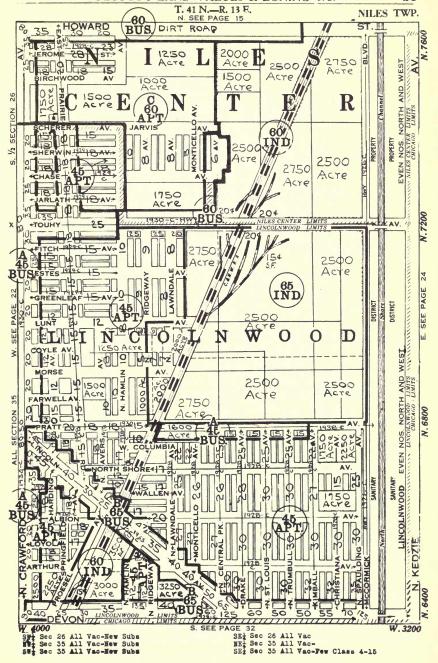

### SECTION 10.—OCCUPANCY PERMITS.

No land shall be occupied or used and no building hereafter erected or altered shall be occupied or used in whole or in part for any purpose whatsoever until a certificate shall have been issued by the Superintendent of Public Works, stating that the building complies with all the building and health laws and ordinances and with the provisions of these regulations. No change of use shall be made in any building or part thereof now or hereafter erected or altered that is not consistent with the provisions of these regulations. Nothing in this section shall prevent the continuance of the present occupancy or use of any existing building, except as may be necessary for safety of life and property.

#### SECTION 14.—VIOLATION, PENALTY, ENFORCEMENT.

Any person, firm or corporation who violates, disobeys, omits, neglects, or refuses to comply with, or who resists the enforcement of any of the provisions of this ordinance shall, upon conviction, be fined not less than twenty-five dollars (\$25.00) nor more than one hundred dollars (\$100.00) for each offense. Each day that a violation is permitted to exist shall constitute a separate offense. The Superintendent of Public Works is hereby designated and authorized to enforce this ordinance.

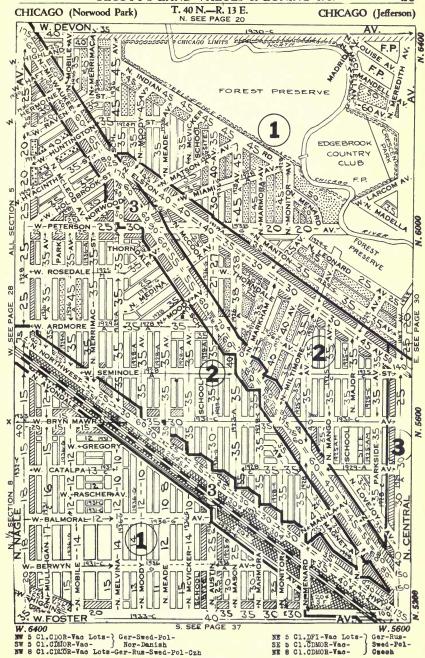

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure or land is used in violation of this ordinance or other regulation made under authority conferred thereby, the Village of Winnetka in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct or abate such violation, to prevent the occupancy of such building, structure or land, or to prevent any illegal act, conduct, business or use in or about such premises.

#### SECTION 15.—BOUNDARIES OF DISTRICTS.

Where uncertainty exists with respect to the boundaries of the various districts as shown on the map accompanying and made a part of this ordinance, the following rules shall apply:

(a) The district boundaries are either streets or alleys unless otherwise shown and where the designations on the map accompanying and made a part of this ordinance, indicating the various districts, are approximately bounded by street or alley lines, such street or alley shall be construed to be the boundary of such district.

(Continued opposite map 30)

### (Continued from map 29)

- (b) Where the district boundaries are not shown to be streets or alleys and where the property has been or may hereafter be divided into blocks and lots, the district boundaries shall be construed to be lot lines, and where the designations on the map accompanying and made a part of this ordinance indicating the various districts are approximately bounded by lot lines, such lot lines shall be construed to be the boundary of such district.
- (c) Where the district boundaries are not shown by streets or alleys, or lot or block lines, the district boundaries shall be construed to be the boundary lines of the several tracts and parcels of real estate in the several districts as shown upon the map accompanying and made a part of this ordinance and particularly described in Section 18 of this ordinance.

#### SECTION 16.—VALIDITY.

Should any section or provision of this ordinance be declared by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

#### SECTION 17.—AMENDMENTS.

No amendment of this ordinance shall be made without a hearing before some commission or committee designated by the Council of the Village of Winnetka. At least fifteen (15) days notice of the time and place of such hearing shall be published in a paper of general circulation within the Village. In case of written protest against any proposed amendment, signed and acknowledged by the owners of twenty per cent (20%) of the frontage proposed to be altered, or by the owners of twenty per cent (20%) of the frontage immediately adjoining or across an alley therefrom, or by the owners of twenty per cent (20%) of the frontage directly opposite the frontage proposed to be altered as to such regulations or district, filed with the Village Clerk, such amendment shall not be passed except by the favorable vote of two-thirds (3/3) of all of the members of the Village Council.

# VILLAGE OF OAK PARK Zoning Ordinance

[Reprinted from the Revised Municipal Code of Oak Park, Illinois, passed December 27, 1937]

35.928 Title] This Article is entitled "A Zoning Ordinance for the Village of Oak Park, being an ordinance to Classify, Regulate and Restrict the Location of Trades and Industries and the Location of Buildings Designed for Specified Industrial, Commercial, Residential and Other Uses and to Regulate and Limit the Height and Bulk of Buildings hereafter Erected, to Regulate and Limit the Indensity of the Use of Lot Area and to Regulate and Determine the Area of Yards, Courts and Other Open Spaces within and surrounding such Buildings and to Establish the Boundaries of Districts for the said purposes and Prescribing Penalties for the Violation of its Provisions and for Creating a Board of Appeals as adopted by the President and Board of Trustees of the Village of Oak Park September 21st, 1921, as amended."

35.929 Use Districts] For the purpose of classifying, regulating and restricting the location of trades and industries, and the location of buildings designed for specified industrial, commercial, residential and other uses, the Village of Oak Park is hereby divided into four Use Districts to be known as (1) "Residence District A"; (2) "Residence District B"; (3) "Commercial District," and (4) "Industrial District," and the location and boundaries of which are shown on the map and notations thereon entitled "The Zoning Map of The Village of Oak Park," and which said Map is on file in the office of the Building Commissioner and by reference is made a part of this Article and is identified by the certificate of the Clerk of the Village of Oak Park.

(Continued opposite map 32)

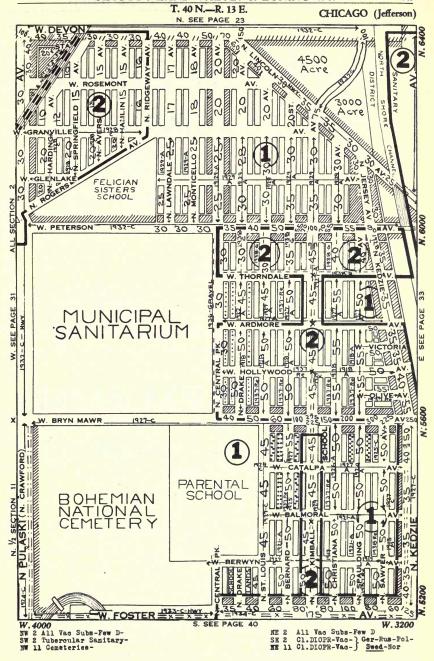

#### OAK PARK ZONING ORDINANCE

(Continued from map 31)

Except as hereinafter provided, no building shall hereafter be erected or altered, and no building or premises shall be used for any purpose other than a purpose permitted in the Use District in which such building or premises is located.

- 35.930 Residence District A] In Residence District A the purposes permitted are for one or more of the following specified uses:
- 1. Dwellings, provided also that such dwellings shall be arranged and designed for the exclusive use of only one family.
  - 2. Churches.
  - 3. Educational institutions.
  - 4. Transportation rights of way.
  - 5. Railroad passenger stations.
- 6. Public parks, playgrounds and community centers owned and operated by the Village.
  - 7. Public libraries.
  - 8. Police and Fire Departments.
  - 9. Streets and alleys.
- 10. Accessory uses customarily incident to the above uses, including uses for home occupations and professions engaged in by the residents in such a dwelling, but not involving the conduct of a retail business on the premises, as such home occupation and professional office are defined by Clauses 57 and 58 of Section 35.09 of Article II of this Chapter, and also including a name plate for such home occupation or profession, not exceeding one (1) square foot in area, and signs not exceeding (12) square feet in area pertaining only to the lease, hire or sale of the premises, or building, or part thereof, but not including advertising signs of any other character; nor including private garages arranged or designed to accommodate more than the number of motor cars or occupy greater area than that prescribed in relation to the frontage of such lots by Section 35.598 of Article XXVIII of this Chapter.
- 35.931 Residence District B] In Residence District B the purposes permitted are for one or more of the following specified uses:
  - 1. Any use permitted in Residence District A.
- 2. Dwellings arranged and designed for the use of more than one family.
- 3. Hotels, apartment hotels, lodging or boarding houses, not involving, however, the conduct of a retail business on the premises. (Continued opposite map 37)

- 4. Uses customarily incident to any of the above uses where located on the same lot and not involving the conduct of a business, except that business conducted within the same building to which the use may be accessory, access to such uses to be only from within such building, provided no sign or other display in, on, inside of or showing through any window shall be used to advertise such uses. Such incidental uses within an apartment hotel shall be confined to the service of resident guests. Incidental uses in connection with any building located in this district shall be so conducted as not to interfere with the residential character of the district.
- 5. No occupant or resident of a dwelling or apartment house, or occupants or operator of an apartment hotel, boarding or lodging house shall have a name plate exceeding one (1) square foot in area; provided an apartment hotel with one hundred (100) or more sleeping rooms may have a name plate not to exceed (12) square feet. All other uses permitted in the B Residence District may have a name plate or sign not exceeding six (6) square feet in area. A bulletin board or sign appertaining only to the lease, hire or sale of the building or premises upon which said sign is placed, not exceeding twelve (12) square feet in area may also be erected.
- 6. No part of a sign, bulletin board or name plate shall project more than one (1) foot beyond the building to which it refers and shall not be more than fifteen (15) feet above grade, and shall not project beyond the lot line. Illuminated signs in a B Residence District or on the opposite side of a street from an A Residence District or B Residence District shall be extinguished before eleven P. M. No advertising sign or any sign of any other character shall be permitted.
- 7. Private garages shall not be permitted which are arranged or designed to accommodate more than the number of motor cars or occupy greater area than that prescribed in relation to the frontage of such lots by Section 35.598 of Article XXVIII of this Chapter.
- 35.932 Commercial District In the Commercial District no building or premises shall be used, and no buildings shall be erected or altered to be used for any of the following specified trades, industries or uses:
  - 1. Bakery (employing more than twenty-five (25) persons).
  - 2. Blacksmith or Horse Shoeing Shop.
  - 3. Bottling Works.
  - 4. Building Material Storage Yard.
  - 5. Car Barn. 6. Carting, Express, Hauling or Storage Yard.

Any building existing at the time that this ordinance takes effect, arranged or designed, or at that time devoted to a non-conforming use, may be reconstructed or structurally altered, provided such structural alterations shall cost an amount not to exceed fifty (50) per cent of the value of the building, and provided also that the building shall not be enlarged unless the use thereof is changed to a conforming use.

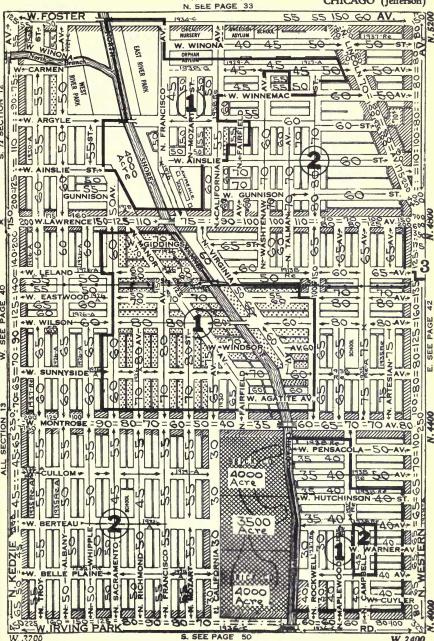

A non-conforming use may be changed to a use that is permitted in the district wherein such first-mentioned non-conforming use is permitted, provided all other regulations governing the new use are complied with. The use of a building or premises shall not be deemed to have changed because of a temporary vacancy or change of ownership or tenancy, however, the suspension of a non-conforming use shall not be resumed after a period of conforming use.

The Board of Trustees may authorize in a residence district, for a period of not more than one year from the date of permit, a temporary building for commerce or industry incidental to residential development.

35.936 Thirty-Five Foot Height District] In the Thirty-five Foot Height District, no building other than a church shall exceed thirty-five (35) feet in height; provided, however, that educational institutions may be erected, or altered to a height not exceeding fifty (50) feet if all area regulations of this ordinance are complied with, and provided further that dwellings may be erected or altered to a height of not more than fifty (50) feet, if and when two side yards of not less than fifteen (15) feet each are provided.

35.937 Fifty Foot Height District] In the Fifty Foot Height District, no building other than a church shall exceed

fifty (50) feet in height.

35.938 Eighty Foot Height District] In the Eighty Foot Height District no building shall exceed eighty (80) feet in height.

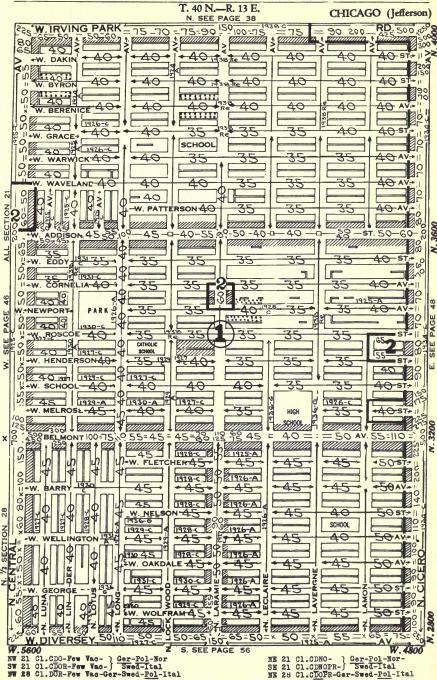

- 35.939 Height District Exceptions] Chimneys, elevator bulkheads, fire towers, firewalls, stacks, stage towers, or scenery lofts, water towers, ornamental towers and spires and wireless towers may be erected as to their height in accordance with this Code, or such ordinances as may be hereafter adopted.
- 35.940 Area Districts] For the purpose of regulating and limiting the intensity of use of lot areas, and of regulating and determining the area of open spaces within and around buildings, the Village of Oak Park is hereby divided into three Area Districts, to be known as (1) "Area District A"; (2) "Area District B," and (3) "Area District C," the location and boundaries of which are shown on the "Zoning Map of the Village of Oak Park" and notations thereon and by reference is hereby made a part hereof.

35.941 Area District A] In Area District A the minimum dimensions of yards, building lines and the intensity of use of

lot areas by buildings shall be as follows:

- (1) Rear Yard—There shall be a rear yard having a depth of not less than fifteen (15) per cent of the depth of the lot, provided such rear yard shall not be less than ten (10) feet.
- (2) Side Yard—There shall be a side yard on each side of all buildings, except accessory buildings, of not less than three (3) feet.
- (3) Front Yard—There shall be a front yard of not less than fifteen (15) per cent of the average depth of the lots in a block except where a building line has been established by a subdivision plat as recorded in the Recorder's Office of Cook County, Illinois, or established by ordinance providing for set-

back building line in which case the front line of a building shall conform to the building line as established by the subdivision plat or by ordinance; provided further that in any block in which fifty (50) per cent or more of the lots according to frontage on the same side of the street shall have been built upon with buildings in conformity with a fairly even and determinable front building line, all buildings thereafter erected or established in any such block on the same side of the street may conform with said front building line. In determining whether or not said front building line has been so determined or established the fair intent and purpose hereof shall be considered and minor irregularities ignored.

(4) Intensity of Use on Lot—No building with its accessory buildings shall occupy in excess of forty (40) per cent of an interior lot, nor in excess of fifty (50) per cent of a corner lot. Every building hereafter erected or structurally altered shall provide a total lot area of not less than five thousand (5,000) square feet per family; provided, however, that where a lot or parcel of land has less area than herein required as shown by the last conveyance of record at the time of the passage of the Zoning Ordinance of September 21st, 1921, said lot or parcel of land may be occupied by not more than one family.

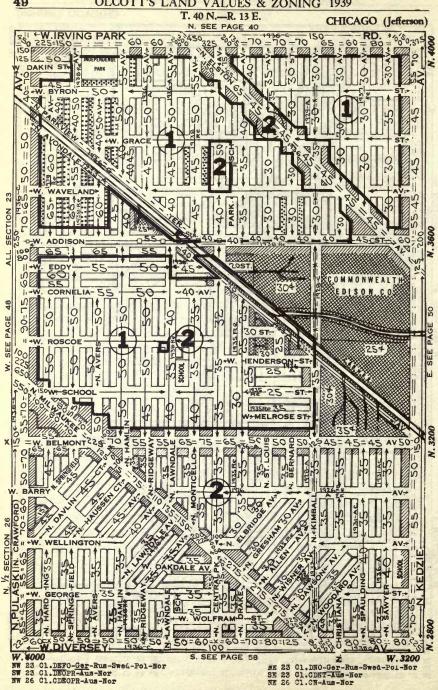

35.942 Area District B] In Area District B the minimum dimensions of yards, courts, building lines and intensity of use of lot areas by buildings shall be as follows:

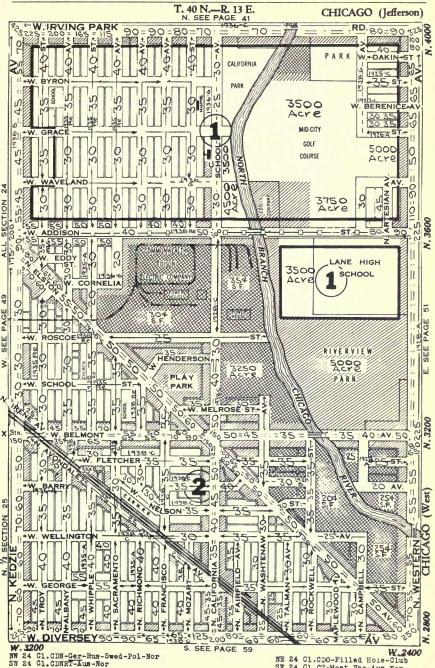

(1) Rear Yard—There shall be a rear yard of not less than ten (10) per cent of the depth of a lot; provided, however, that such yard need not exceed ten (10) feet and provided further (Continued opposite map 51)

#### OAK PARK ZONING ORDINANCE

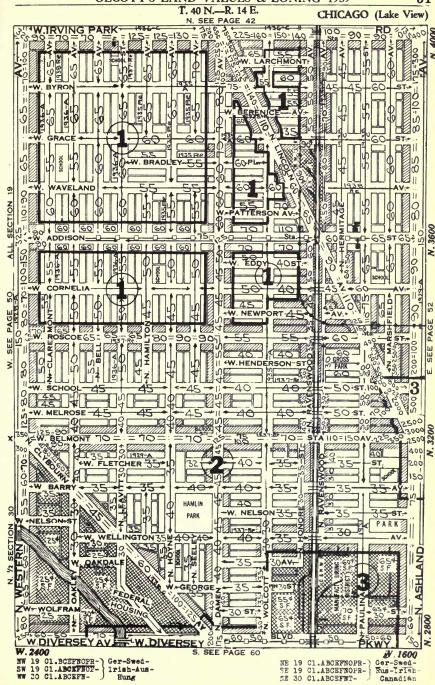

(Continued from map 48) that for buildings hereafter erected on lots which abut on a public alley the distance of the rear line of the building from the alley line need not exceed four (4) feet.

- (2) Front Outer Court—A front outer court shall have a width between the opposite closed sides of said court, of not less than six (6) feet nor less than two and one-half (2½) inches wide for each foot of height of each court, nor less than three (3) inches wide for each foot of length of court from the closed end.
- (3) Rear Outer Court—A rear outer court shall be not less than six (6) feet nor less than two (2) inches wide for each foot of height of such court, nor less than one and one-half (1½) inches wide for each foot of length of such court from the closed end.
- (4) Lot Line Court—A lot line court shall be not less than five (5) feet wide and not less than one (1) inch wide for each foot of length when such court exceeds two (2) stories in height.
- (5) Inner Court—An inner court shall have a least dimension of not less than six (6) feet, nor less than three (3) inches for each foot of height of such court, nor shall its area be less than twice the square of its required least dimension.
- (6) Front Yard—No building shall be erected whose street wall is nearer to the front street line than a distance equal to ten (10) per cent of the average depth of the lots in the block on the same side of the street except as hereinafter provided.

In any block in which fifty (50) per cent or more of the lots according to frontage on the same side of the street shall have been built upon with buildings of Residence District B character in conformity with a fairly even and determinable front building line, all such buildings thereafter erected or established in any such block on the same side of the street, shall be erected or established in conformity with said front building line. In determining whether or not said front building line has been so determined or established, the fair intent and purpose hereof shall be considered and minor irregularities ignored.

For the purpose of computing the average of the distances of street walls of buildings of Residence District B character from the street line, the street wall nearest the street shall be considered as though it were continuous across the entire lot frontage and such average shall be based upon units of lot frontage.

OAK PARK ZONING ORDINANCE (Continued from map 51)

Along the side street line of a corner lot which is not known as the front line and which generally is the side having the greatest dimension along a street line, the side building line, or the building line for the side street line of corner lots, shall be a distance from the side street line, measured at right angles, equal to ten (10) per cent of the width of the lot, but in no case less than five (5) feet from such street line; the width of the lot being deemed to mean, for the purpose hereof, the mean distance from the side street line thereof to the opposite line thereof measured at right angles to said street line.

In case a lot or parcel of land at the junction of two intersecting streets has two street frontages of substantially equal length, the side line of said lot shall, for the purpose hereof, be deemed to be the line selected as the side line of said lot by the owner thereof in his application for a building permit.

Where a lot or parcel of land at the junction of two intersecting streets has two street frontages, each of which is one hundred fifty (150) feet or more in length, and one main building only is erected thereon, the building line for each frontage shall, for the purpose hereof, be deemed to be a front building line.

Provided that where there is a building line established as recorded in the subdivision plat as approved and accepted by the President and Board of Trustees of the Village of Oak Park or established by ordinance providing for set-back building lines, all buildings shall conform to said recorded building lines.

(7) Intensity of Use of Lot—Every building hereafter erected or structurally altered for residence purposes shall provide a lot area of not less than four hundred fifty (450) square feet per family, provided, however, that this regulation shall not apply to hotels or apartment hotels. No such building or part of such building used for residential purposes with its accessory buildings shall occupy more than sixty (60) per cent of an interior lot nor more than seventy (70) per cent of a corner lot. - 35.943 Area District C] In Area District C the minimum dimensions of yards, courts, building lines and the intensity of use of lot areas shall be as follows: Provided that buildings hereafter erected or structurally altered in whole or in part for residential purposes shall comply with the rear yard and court regulations of Area District B.
- (1) Rear Yard—A rear yard is not required but if provided shall comply with the rear yard regulations of Area District B.
- (2) Side Yard—A side yard is not required but if provided shall be not less than three (3) feet wide nor less than one (1) inch wide for each foot of building height.
- (3) Inner Court—An inner court shall be not less than six (6) feet wide nor less than two (2) inches wide for each foot of height of such court, nor shall its area be less than twice the square of its required least dimension.
- (4) Outer Court—An outer court shall be not less than six (6) feet wide, nor less than two (2) inches for each foot of height of such court nor less than two (2) inches wide for each foot of length of such court from the enclosed end.
- (5) Lot Line Court—A lot line court shall be not less than five (5) feet wide nor less than one and one-half (1½) inches wide for each foot of height of such court and it shall be not less than one (1) inch wide for each foot of length when such court exceeds two (2) stories in height.
- (6) Intensity of Use of Lot—Residential Buildings—Every building hereafter erected or structurally altered, in whole or in part for residence purposes, shall provide a lot area of not less than three hundred fifty (350) square feet per family; provided, however, that this regulation shall not apply to hotels or apartment hotels. No building with its accessory buildings shall occupy more than sixty-five (65) per cent of an interior lot, nor more than seventy-five (75) per cent of a corner lot.

Commercial buildings or parts of buildings used exclusively for commercial purposes may occupy the entire lot excepting any portion thereof that lies between the street line and a setback building line established by ordinance.

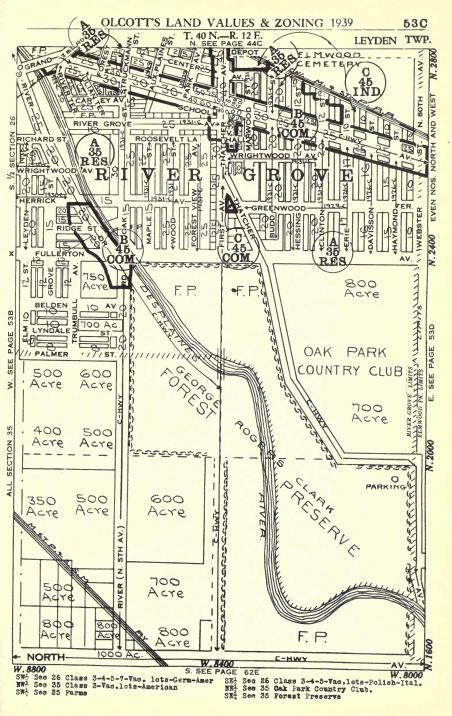

- 35.944 Area District Exceptions and Further Regulations] The foregoing requirements in the area districts shall be subject to the following exceptions and further regulations:
- (1) Nothing contained in the foregoing area district regulations shall require the compliance therewith by any building existing at the time of the passage of the Zoning Ordinance of September 21st, 1921, but no alteration of any such building shall be permitted which increases the extent of any noncompliance with such regulations. - (2) No yard, court or other open space provided about any building for the purpose of complying with the provisions of said area district regulations shall be used as a yard, court or other open space for another building.
- (3) In computing the depth of a rear yard for any building where such yard opens upon a public alley, one-half (½) of such alley may be assumed to be a portion of the yard.

As to buildings on through lots, running through from street to street, there may be a waiver of the requirements for a rear yard in complying with the percentage of lot occupancy if other open spaces in lieu of such required rear yard are provided; PROVIDED, however, building line restrictions, as provided in this article, shall be observed.

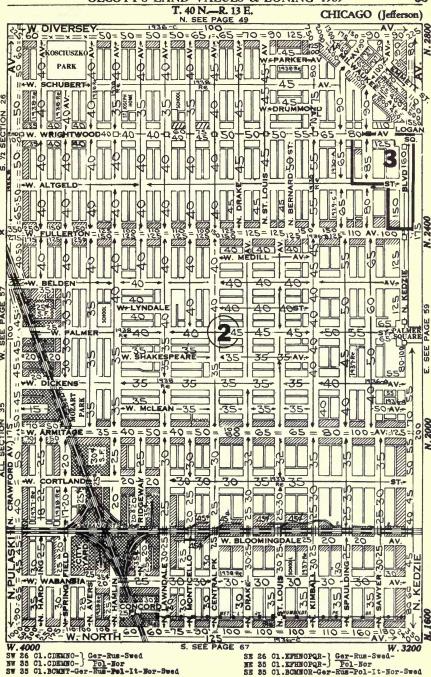

- (4) Accessory buildings may occupy forty (40) per cent of the required area of the rear yard to a height of not exceeding twelve (12) feet, or if the distance from the main building to the accessory building shall be not less than the required minimum depth of the rear yard, then to a height of not exceeding twenty-five (25) feet.
- (5) Every part of a required yard or court shall be open from the lowest point to the sky, except for the projections of sills, belt courses, cornices and ornamental features not to exceed four (4) inches; provided, however, that open balconies and cornices may project into a front yard not more than three and one-half  $(3\frac{1}{2})$  feet.
- (6) Open or lattice-enclosed fire escapes, fireproof outside stairways and solid floored balconies opening upon fire towers (Continued opposite map 62)

projected into a yard not more than five (5) feet or into a court not more than three and one-half (3½) feet, and the ordinary projections of chimneys and flues may be permitted where the same are so placed as not to obstruct light and ventilation.

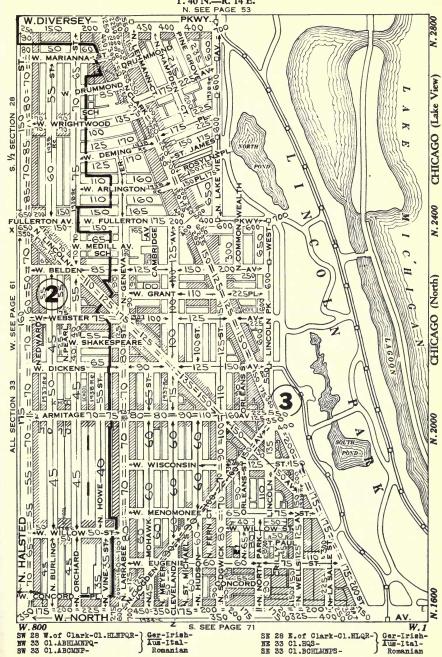

(7) Provided that in subdivisions now of record, or hereafter recorded in Area Districts A and B where the frontage of building lots is 50 feet or more, no lot shall be subdivided for building purposes of less than 50 feet frontage, and in Area District C and Industrial District no lot shall be subdivided for building purposes of less than 25 feet frontage.

35.945 Board of Appeals — How Constituted] There is hereby created a Board of Appeals consisting of five members. The Board of Appeals shall be appointed by the President and Board of Trustees of the Village to serve respectively for the following terms.

One for one year, one for two years, one for three years, one for four years, and one for five years. The successor to such member so appointed to serve for a term of five years. One of the members so appointed shall be designated by the President and Board of Trustees as the Chairman of said Board of Appeals at the time of his appointment, and he shall hold his office as such Chairman during the term of his appointment as a member of said Board of Appeals. The terms of office of all members of said Board of Appeals shall expire on the first of July of the years respectively in which their successors are appointed, or as soon thereafter as their successors shall have been duly appointed and qualified. The President and Board of Trustees shall have the power to remove any member of the Board of Appeals for cause and after public hearing. Vacancies shall be filled for the unexpired term of the member whose place has become vacant in like manner. (Continued opposite map 63)

#### (Continued from map 62)

All meetings of the Board of Appeals shall be held at the call of the chairman and at such other times as such Board may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of such Board shall be open to the public. Such Board shall keep minutes of its proceedings, showing the vote of each member upon every question, or if absent or failing to vote, indicating such fact, and shall also keep records of its examinations and other official actions.

The Board of Appeals shall designate one of the employes of the Department of Public Works of the Village of Oak Park to act as its secretary, one who has had experience in zoning matters and who is qualified to make reports of the record of all proceedings of said Board and whose duty it shall be to keep a full and detailed record on file in the office of the Board of all of its proceedings. Every rule, regulation, every amendment or repeal thereof, and every order, requirement, decision or determination of the Board shall immediately be filed in the office of the Board and shall be a public record.

35.946 Board of Appeals; Variations] Such Board of Appeals shall consider all petitions and requests for determining and varying the application of the regulations relating to the use, construction or alteration of buildings or structures or the use of land which may be referred to said board by resolution of the President and Board of Trustees of the Village, and such Board of Appeals shall also hear and decide appeals from and review any order, requirement, decision or determination made by the Building Commissioner with reference to this Article. It shall also hear and decide all matters referred to it or upon which it is required to pass, under this Article. The concurring vote of four members of the Board shall be necessary to reverse any order, requirement, decision or determination of the Building Commissioner, or to decide in favor of the applicant any matter upon which it is required to pass under this Article or to recommend any variation or modification of the regulations as provided by this Article to the President and Board of Trustees.

An appeal may be taken by any person aggrieved or by an officer, department, board or bureau of the municipality. Such appeal shall be taken within such time as shall be prescribed by the Board of Appeals by general rule by filing with the Building Commissioner, from whom the appeal is taken and with the Board of Appeals, a notice of appeal, specifying the grounds thereof. The Building Commissioner, from whom the appeal

is taken, shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal shall operate to stay all proceedings in furtherance of the action appealed from, unless the Building Commissioner from whom the appeal is taken, certifies to the Board of Appeals after the notice of appeal has been filed with him, that by reason of facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Appeals or by a Court of Record on application, on notice to the Building Commissioner from whom the appeal is taken, and on due cause shown.

The Board of Appeals shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney. The Board of Appeals may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination as in its opinion ought to be made in the premises and to that end shall have all the powers of the Building Commissioner from whom the appeal is taken.

After a public hearing before the Board of Appeals the President and Board of Trustees may by ordinance determine and vary the application of any of the regulations of this Article in harmony with the general purpose and intent of such regulations relating to the use, construction or alteration of buildings or the use of land in cases where there are prac-

#### OAK PARK ZONING ORDINANCE (Continued from map 64)

tical difficulties or particular hardship in the way of carrying out the strict letter of any of such regulations. Variations in specific cases of practical difficulties or particular hardship may include the following:

- (1) The extension of a non-conforming use or building upon the lot occupied by such use or building at the time of the passage of this Article.
- (2) Permit a building to exceed the height limit by not more than five per cent of the height limit established by this Article.
- (3) Variation of the intensity of use of lot provisions not to exceed five per cent of the intensity of use of lot provisions established by this Article. (Continued opposite map 66)

#### OAK PARK ZONING ORDINANCE

(Continued from map 65)

- (4) Permit a building to occupy a percentage of the lot area greater than that required by this ordinance by an amount not to exceed five per cent of the lot occupancy limit established by this Article.
- (5) Where a district boundary line divides a lot in single ownership at the time of passage of the Zoning Ordinance of September 21st, 1921, the extension of the use or volume authorized on the least restricted portion of such lot over the entire lot, provided this does not extend more than fifty feet beyond the boundary line of the district in which the use is authorized.
- (6) Permit the use of a lot less in area by not more than three per cent of the lot area required by this Article.

(7) Permit a front building line, a side yard, and/or a rear yard less than that required by this Article, but such variation shall not exceed twenty per cent of the depth of the front building line, or the depth of the rear yard, or the width of the

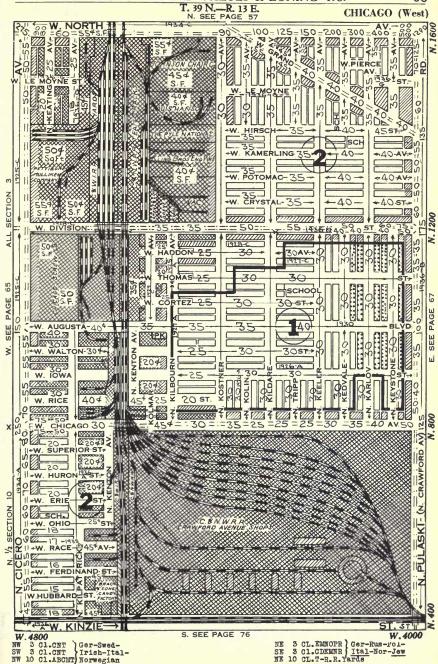

side yard, as required by this Article.

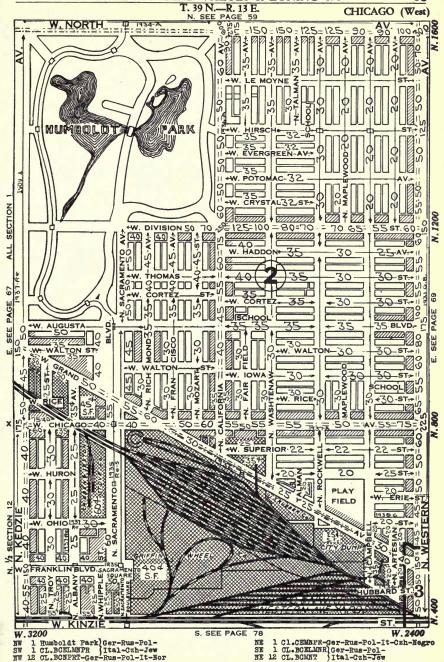

No variation, however, shall be made except by ordinance in a specific case and after a public hearing before the Board of Appeals of which there shall be at least fifteen days' notice of the time and place of such hearing published in an official paper or a paper of general circulation in the Village of Oak Park, said notice to contain the particular location for which the variation is requested as well as a brief statement of what the proposed variation consists.

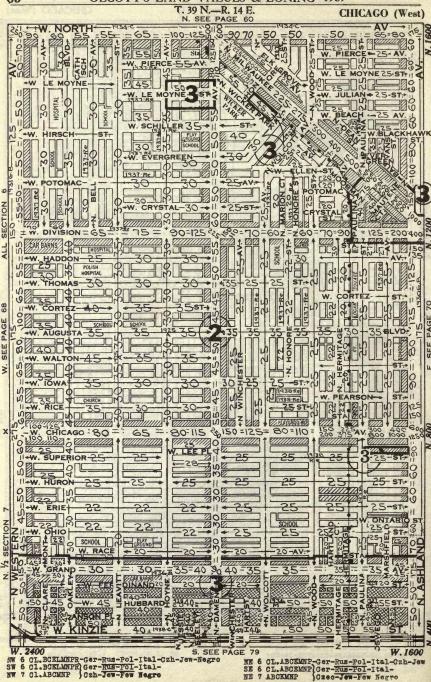

Upon the report of the Board of Appeals the President and Board of Trustees may by ordinance without further public hearing adopt any proposed variation or may refer it back to the Board for further consideration. Every such variation shall be accompanied by a finding of fact specifying the reason for making such variation. Any proposed variation which fails to receive the approval of the Board of Appeals shall not be passed except by the favorable vote of two-thirds of all the members of the Board of Trustees.

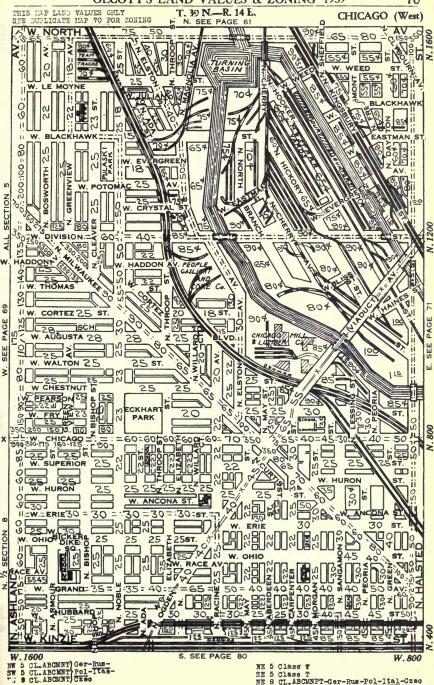

35.947 Application for Hearing—Fee] Any person, firm or corporation who may hereafter file with the Building Commissioner or with the Zoning Board of Appeals of the Village, an application praying for a change in zoning regulations, or for any variation of the application of zoning regulations provided by law, shall, at the time of filing such petition, pay to the Village the sum of \$25.00 to defray the necessary costs of publication and expenses incident to the hearing of such matters.

35.948 Amendments The regulations imposed and the districts created by this Article may be amended from time to time by ordinance, but no such amendment shall be made without a hearing before the Zoning Board of Appeals of The Village, which is hereby designated and appointed as the commission or committee to conduct such hearings. At least fifteen days' notice of the time and place of such hearing shall be published in an official paper or a paper of general circulation in the Village of Oak Park. In case of written protest against any proposed amendment, signed and acknowledged by the owners of twenty per cent of the frontage proposed to be altered, or by the owners of twenty per cent of the frontage immediately adjoining or across an alley therefrom, or by the owners of twenty per cent of the frontage directly opposite the frontage proposed to be altered as to such regulation or district, filed with the Village Clerk, such amendment shall not be passed except by the favorable vote of two-thirds of all of the members of the Board of Trustees.

Any and all changes in the use districts hereafter established by amendment to this Article shall be shown on the "Zoning Map of the Village of Oak Park" described and referred to in Section 35.929 of this Article, and made a part thereof.

35.949 *Permits*] No permit for the erection of any build-shall be issued where such erection or the use for which such building is arranged or designed is in violation of this Article.

All applications for building permits shall be accompanied by a plat in duplicate drawn to a scale, showing the actual dimensions of the lot to be built upon, the size of the building to be erected, and such other information as may be required by the Building Commissioner to enable him to determine whether the provisions of this Article are complied with. A careful record of such applications and plats shall be kept in the office of the Building Commissioner.

No change shall be made in the use of a building or land without a permit having first been issued by the Building Commissioner, and no permit shall be issued to make such a change unless it is in conformity with the provisions of this Article or amendments thereto hereafter duly enacted.

35.950 Interpretation] ONITTED IN THIS BOOK

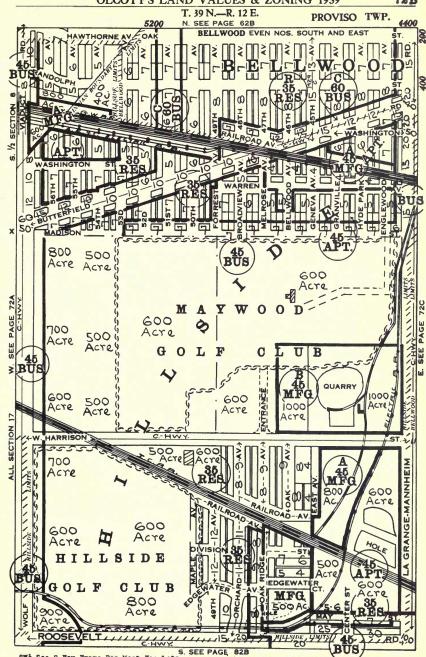

35.951 Enforcement] This ordinance shall be enforced by the Building Commissioner.
